**In attendance:** S Nyoka, P Fahrenfort, K McKenzie

**1. Opening and welcome**

The Chairperson opened the meeting at 11h05 and welcomed the members. Mr de Beer apologised for not being able to attend the Core Group meeting held on 3 April 1995. He also tendered an apology on behalf of Dr F Jacobs who was not going to be able to attend today's meeting.

**2. Adoption of minutes**

The minutes of the Core Group meeting held on 3 April 1995 were adopted.

**3. "Crisis" in Theme Committee 6.2**

It was agreed that since the "crisis" in TC6.2 around the issue of the South African Reserve Bank involved Dr R Davies (ANC) and Dr F Jacobsz (NP), the former (the latter was not in attendance) excuse himself from the meeting.

Ms Hogan gave background information to the Core Group members on the causes of the crises in TC6.2. At the core of Ms Hogan's submission was an assertion that the ANC component of TC feels very strong, following a spate of attacks on Dr Davies integrity in the press and Dr Jacobsz statements in the National Assembly Finance budget debate, that Dr Davies' role as Chairperson of TC6.2 is being continually undermined.

Following a discussion, it was felt in the interest of the constitution making process, that it would be appropriate for endeavours to be made to find an amicable solution to TC6.2's problems. It was also recognised that the problems in TC6.2 might have arisen due to a breakdown in communication amongst the members of the TC.

It was therefore resolved that:

- a) Core Group members, namely S de Beer, JA Jordaan and B Kgositsile be delegated to meet with Drs Jacobsz and Davies later today;
- b) an amicable solution be found to the TC's problems in order for the work of TC6.2 to continue;
- c) the delegated members should convey the results of their meeting with Drs Davies and Jacobsz to TC6.2 members at a meeting of TC6.2 scheduled for 1 August 1995 at 09h00; and
- d) the possibility of issuing a press statement on the outcome of the meeting between the Core Group delegation and Drs Davies and Jacobsz should be explored.
