Com. Githu Muigai: Asante sana Sheikh, asante sana Pastor. Sasa tutaanza. Lakini kabla hatujaanza ningependa kuwajulisha vile tutaendeleza shughuli zetu asubuhi ya leo. Kitu cha kwanza ni kwamba, kila mwananchi ana haki ya kuzungumza na azungumze kwa ile lugha anapenda. Ukipenda kuzungumza kwa KiMaasai na ni lazima tutaleta mkalimani. Ikiwa unasikiza na wenye kusema wanasema na Kizungu au na Kiswahili na huelewi utaitisha na tutaleta mkalimani. Kwa sababu wewe ni lazima uelewe. Hicho ni kitu ya kwanza.

Kitu cha pili, hii Tume ni Tume huru. Si Tume ambayo imekuja kusikiza mambo ya Serikali, au mambo ya opposition, au mambo ya dini hii, au mambo ya dini ile, au mambo ya kabile hii au mambo ya kabile lingine. Kwa hivyo, wewe kama mwananchi una haki ya kusema yale yote unayoyapenda. Ukitaka kusema Chief hafanyi kazi yake sema. Ukitaka kusema Commission haifanyi kazi sema. Isipokuwa kitu kimoja, hatutaruhusu mtu ye yote kumtusi mwengine. Huwezi kusimama na kutoa jina la fulani fulani na kumtusi. Hiyo sio vizuri. Kwa sababu hiki sio kikao cha kisiasa. Hiki ni kikao cha kujadiliana maoni. Kwa hivo ujaribu sana. Majina ya watu tuwache nje. Lakini unaweza kusema kingine chote.

Jambo la mwisho: hapa leo kwetu Ngong tumejiandikisha watu 250, tuko wengi na hivo ni vizuri sana. Hivyo ni kusema zote tungependa kuchangia haya mambo ya Katiba. Kwa hivyo ningewasihi sana, tukikuita kuzungumza utakuja hapa mbele mahali tumeweka hii kanda ya kunasa sauti. Usitumie dakika zinazo zidi tano. Kwa sababu ukizidisha dakika tano, unakula dakika za mwenzako. Kila mtu ajaribu dakika tano tano. Ikiwa uko na memorandum umeandika yale mambo, usiisome ile memorandum kwa sababu hawa wasichana wako hapa, wanazichukua zote, (can you bring this folder) memorandum zote, unaona hii ni yenu pekee. Tutazijaza hapa ndani na kuzipeleka ofisini kwetu. Kuna watu huko 15, hawana kazi nyingine ilakusoma zile memorandum na kutoa yale maneno mazito mazito amba mmesema. Kwa hivo tukikuita hapa tafadhali usisome memorandum. Chukua tu zile point halafu hizo unaweza kuzitoa.

Jambo lingine ni hili: sisi wote ni WaKenya, tunaelewa shida ya Kenya. Tunaelewa kuna shida ya mashamba, maji, hospitali , elimu na kuna shida zinginezo. Ukisimama hapa au ukiketi chini usihadithi sana. Mnaelewa? Usitoe hadithi sana ya kurudia nyuma. Watu wetu walipofika fulani na mengineyo. Ningelipenda uende moja kwa moja. Tuseme kwa mfano: sisi hapa wakaaji wa Kajiado North tunashida ya elimu. Shule sio nyangi na waalimu sio wengi. Kwa hivo mimi napendekeza moja, mbili, tatu. Hiyo unaacha nyuma unasonga mbele. Unasema afya. Hapa kwetu Kajiado North hospitali ziko namna hii namna hii, napendekeza moja, mbili, tatu. Tumelewana? Tukifanya hivo tutasonga haraka, kwa sababu kile kitu cha maana saidi ni sisi tusikie maoni yenu ya vile tunaweza kutatua matatizo ya nchi yetu. Tumelewana? Kuna swali lolote? Hakuna, asanteni. Wacha sasa tuanze. Francis Ole Sakuda. Yuko wapi Bwana Francis Sakuda, yuko? Kwanza turuke yeye. Joseph Ole Ngusa. Yuko hapa Joseph. Okay. Richard ole Chorinka. Uko hapo Bwana Richard ? Uko. Okay good Richard. Stanley: Saliana ? . Okay, Uko na Swali.

Speaker: Mimi niko na swali, (inaudible) mimi nilikuwa first of all nimeingia kwa hii hall na ninaona nimewekwa mkia. Kwa hivyo hiyo karatasi inavyofanyia imeaanza ya nyuma inawacha ya mbele.

Com. Githu Muigai: Usijali, nitakuchukulia jina hapa. Keti. Can you get his name so that we would get the correct order. Wewe unaweza kuketi Bwana Richard. Kwanza ujjilishe kwa wananchi. Hebu ngoja kidogo. Interjection..... Hakuna shida hakuna shida. Tulienda Turkana tukaambiwa kina mama hawasimami lazima waketi chini. Sisi tunaheshimu vile watu mila yao inasema. Sasa wazee wasimame yule anayetaka kuketi aketi.

Basi mwenye kiti wa Commission hii ya Constitution review na wenzake walio andamana na wao na wenzangu mimi ninamachache ya kuchangia katika hali hii ya kubadilisha Katiba nikitoa maoni yangu kama ifuatavyo. Sitapoteza wakati kamwe, na sina mengi ya kusema, lakini nitashukuru zaidi kama nitasikilizwa vyema na ichukuliwe ilivyo paswa kuchukuliwa.

Basi langu la kwanza kabisa ni juu ya ardhi (lands). Ninapendekeza ya kwamba ardhi iwe katika mikono ya wenyewe ama local community. Kwa sababu hii hali ya kusema trust lands ama adjudication sections imetufinya kwamiaka arobaine na zaidi, kuanzia sitini na mbili, wakati sheria ile ya kwanza ilipowekwa. Kwa hivyo naomba sana hiyo sheria ionekena maana sisi tukiwa minority people ama the tribe tumefinyika zaidi. Tena ningelitaka tu niombe ama nisisitize kwamba Serikali isiwe inaingilia kati ya mambo ya ardhi maana ni maofisa mengi sana wa Serikali ndio wamehusika na land grabbing (wizi wa ardhi).

Interjection (I wonder we can ask)

Com. Githu Muigai: Mngelipenda mtu wa kutafsiri?

Com. Githu Muigai: So he is okay.

Mr Richard: Yes, I am a linguist I can do both. Yes.

Vernacular: *kara olmaasani kaifisri ake te kimaasai.*

Com. Githu Muigai: Mngependa tulete mtu wa kutafsiri au mnaelewa? Wengi wanasesma, ikifika pahali ambapo watu hawaelewi watasema. Kwa hivi sasa wanaelewa. Okay songa mbele.

Mr Richard: Kulikuwako na maagano kati ya wazungu, Waingereza ambao walikuwa wakoloni wa Kenya mnamo mwaka 1904 na 1911, kuhusu ardhi iliyochukuliwa na settlers ambavyo waliapa kwamba wanapoenda watarudishia wenyiji. Hiyo tunadai turudishiwe haki yetu. Otherwise we do understand of the human rights (ati haki ya kibinadamu) kwani sisi tumetengwa na haki ya binadamu? Sisi hatuko recordi ya binadamu nauliza hivyo?. (clapping)

Inging ni hivi kuna ile ya kusema land control board. Imekuwa facilitator. Hiyo land control board ningetaka niseme iondolewe na itoke na iwachwe kabisa, na isahaulike kabisa. Haijakuwa ikicontrol ardhi, haikuwa ikizuia ardhi isiendo kama vile imeenda katika Kajiado North hii yetu. Kwa kweli ardhi imeenda kwa njia isiyofaa, yangu na ya wengine kwa kupitia land control board na mafichoni ndani kumewekwa special boards. Kwa hivyo sio land control board inafanya. Bali there is a hidden agenda. Ama kuna kile kingine kimefichwa chini ya meza ambayo ndiyo iko powerful ndio inafanya hiyo kazi. We don't need it any longer. We strongly reject that one.

Haya ninakuja kwa maneno langu la tano. Ningependa sana, kusema hivi: sisi watu wa Kajiado North, tunastahili kupewa Serikali kama uongozi. Serikali ya majimbo. Wacha Rift Valley igawanywe mara tatu tupewe South Rift. Kwa sababu hii. Mtu anaweza kusema ni kwa nini anahitaji. Maana ardhi iliwekwa na Mungu. Mungu ndiye muumba wa mbingu na nchi, akaweka watu wake. Hata sisi tukiwa wachache tuna uhuru tuna haki ya kumiliki ardhi yetu. Kuna wale wanashika ardhi yao wanakuja kunyakua yetu. Kenya imekuwa sasa mahali pa kukutania juu Maasaini kuna ardhi. Kwa ajili ya kutumia hii kind of Government. Hiyo system ya zamani iondolewe tafadhali. Iwekwe majimbo. Maana majimbo sio yangu. Itakuwa ni ya kila mwananchi. Nafikiri nikisema hivyo, kila mwananchi anataka achunge mali yake, those other intruders wasije kunyakua haki ya wenyeve tunakataa hiyo.

Inging ni hili kuhusika na natural resources: katika sehemu za mapastrolists ama wachungaji, ama Wamaasai. Kama mnavyojuwa ardhi yetu, ni communal lands. Hivi kwamba wanyama wamewekwa katika sehemu zetu zote hasa Kajiado. Ukipata kama Amboseli National Park iko katika UMaasaini na ni ajabu tena na ni aibu kuwa na Serikali na hiko hivi ati wire inawekwa upande wa watu, upande ule wa WaMaasai, inawachwa wakachanganyikane na wanyama. Hatufaidiki na wanyama wale wanatuua. Wanyama wanatumaliza kila wakati, no compensation. Tumewekwa katika category ya wanyama. Na kwa hivyo wanyama ni wetu Hatufaidiki chochote, tunataka 70% ya faida ile inayoletwa na wanyama wetu. Hata kama kampuni kama ile ya Magadi wacha Serikali, central Government ichukue 30%. Percentage ya juu iwe yetu tufaidike nazo. Otherwise we are keeping them without any benefits.

Haya, nasema hivi: tunahitaji masomo ya bure katika taifa hili la Kenya kwa sababu iko hivi, tunashida mingi. Naelekea kumalizia maana mliniwekea dakika tano. Na sitaki kumpotezea mwenzangu mwingine anayetaka. We need a universal compulsory free education in Kenya. Kwa sababu hii sisi tuko porini. Na kama kulikuwako na kitu kilichokuwa kinasemwa closed district. Kuna sehemu bado closed. Hata kama wilaya imefunguliwa wacha zile reserves tumetoka, ukiona hii vumbi

nimetoka nayo nimekanya so many kms to be able to reach here. It is because I am very much interested.

Sasa nasema hivi watoto wetu hawawezi kufika shule kwa umri unaostahili, hata nursery ni shida shule ni chache. Ili mtoto akue aweze kuepukana na wanyama na kutoroka na kuweza kupanda mti, lazima awe wa kiasi, kuweza kutoroka, kuweza kutimua mbio, kutofautisha huyu mnyama na huyu. Kwa ajili ya hiyo tungelitaka kupata masomo ya bure Serikalini kwa sababu ndivyo wananchi wote wataweza kukutana na hali ya kimaisha na wenzetu WanaKenya wengine. Kama sio hivyo tutazidi kunyanyaswa wakati tuko na uhuru. Ni kama sisi kidogo hatujaonja matunda. Kama Tunataka kuonjeshwa na tuwekwe katika hali ya wananchi wenzetu wacha shule iwekwe Rais namna hivyo.

Maana poverty is unjust it befalls some man. Kama sisi hatuna uwezo wa kuwasomesha, angalieni uchumi unazoroteka. Je ikiwa imesozoteka na matajiri walioweza kufanikiwa WanaWaMaasai ambao wanachunga mbuzi tatu, kiangazi inakuja inamaliza. Halafu munasema mko nyuma nyuma, mtuweka basi mbele, kwa elimu ya bure.

Otherwise kuna great taxation. Kuna malipo mengi VAT, kuna mambo yote inaenda kwa Serikali. Kwa nini tusiwekwe, tusipewe masomo ya bure Why is that We need a free compulsory education. Na pia ndani yake, tunastahili kupata watoto wetu kufunzwa na lugha yao wanailewa. Sasa unakuja ukiwa mwalimu wa Kiswahili, unaingia darasa unasema hallo, good morning how are you doing? What is that in Maasai, kwani tunaelewa hiyo? (**vernacular**)*lolmaasai ininginingi toi ina kaji eiko enkerai teneteru angamu ina kisuma midimayu katukul* We really reject that kind of system. Tunahitaji kupewa kama vile wengine wanapewa. Tunastahili haki na tunahitaji haki.

Com. Githu Muigai: Hayo mambo ya elimu tumeelewa kabisa tunaweka chini.

Mr Richard: Nashukuru sana.

Com. Githu Muigai: Asante.

Mr Richard: Basi kwa hayo machache kwa ajili kuna wengi ambao wanajua zaidi kuniliko na labda walijitayarisha zaidi yangu, maani nimetoka porini zaidi, wacha niwachie hapo niseme shukrani kabisa. Mungu awabariki wakati mnapochukua maneno haya. Asanteni sana.

Com. Githu Muigai: Mzee Usiondoke kunaswali moja. Sisi pia tunataka kuwaelewa kwa hivyo tutawaauliza maswali.

Com. Wambua: Bwana Richard umesema ungelipenda wewe elimu ya lazima na ya bure. Tungelipenda tujue, ungelipenda hii elimu ifikishwe kiwango gani. Iwe ya lazima na ya bure, mpaka primary school ama sekodari school ama mtu pahali popote atakapokwenda kufika ikiwa ni university?

Mr. Richard: Kwa maoni yangu haiwezekani kuwa through out masomo. lakini ifkishwe mahali hata kama ingeliwezekana kufkishwa darasa la name ni bora zaidi. Asante.

Com. Githu Muigai: Asante sana Bwana Richard umetuanzia kikao vizuri sana tafadhali jiadikishe hapa, ndio tukirudisha ripoti hapa miezi miwili ikiisha unaweza kuuliza wapi jina langu na mazungumzo niliyotoa yako wapi? Asante sana. Staneley Seliana Yuko wapi Bwana Stanley?: Interjection.....(Inaudible)

Okay tutafanya hivi, mwenye kuzungumza ataendelea kuzungumza. Wananchi tafadhalini. Tukifika pahala na kuwe kuna mtu ambaye haelewi, mtainua mkono juu na nitaleta mtu wa kutafsiri. Haya tuligana wananchi kwamba hiki ni kikao cha demokrasia, vile wengi watasema ndivyo tutafanya. Tumelete mkalimani sasa, kwa hivyo na nyinyi mtulie kabisa. Okay Stanley: utaanza, halafu mkalimani ata.. chukua mic ndio, mtumie mkiwa na au atapata yake. Unaweza kusimama hapa. Yes Stanley.

Na huwa ni shida wakati unapokwenda kortini kujaribu kuibadilisha kulingana na hayo makosa yametokezea. Kwa hivo anaonelea kwamba usajili wa kwanza uwe unaweza kuondolewa kortini.

Wao wenyewe walikuwa wapangaji, na (inaudible) ya ardhi wanaichukua wenyewe. Kwa hivyo wangependelea kwa sababu shamba zikiuzwa, ingetakikana iuzwe mara tatu. Lakini Kenya hii unakuta tunauza mara themanini. Kwa hiyyo anaonelea kwamba wananchi wapate nafasi ya kusimamia ardhi yao.

Com. Githu Muigai: Ole Kisau he is a politician. Ole Kisau umetoa maoni yako, tunashukuru, umejibu maswali muda wako umekwisha. Jiandikishe sasa uketi chini. Ndugu yako Dickson Ole Nikisoe. Na usichukue muda mwangi kama ndugu yako Joseph.

Dickson: Tutulie tafadhali. Honorable Commissioners, Bwana DO na WaKenya wenzangu. Hamjamboni!. Ningependa kuzungumza na luga ya Kizungu kwa hivo ningependa kama kuna mtu anweza kunitafsiria.

Mr Dickson: I wont waste a lot of time, I will go straight to the point. I am going to start my proposal on the topic of the structure and system of Government.

Translator: *Etejo taa ore entoki e dukuya naa kayieu naimaki ekabila e Serikali nikiyieu.*

Mr Dickson: I propose that Kenya should adopt a federal system of Government, in which the Executive and Legislative authority, be split between the central Government and distinct regional unit.

Translator: Etejo Serikali oo murrua kiyieu naji Serikali e majimbo.

Mr Dickson: The reason is. This system would actually ensure equaable distribution of national resource and balance general development.

Translator: Eji amu ina Serikali naidim aitorisioki iyiook eoroto o mali ang pee etumoki iltungana ainosa ilganayio le nkop enye.

Mr Dickson: Why I am saying this is, since independence when you try to look across the country, the development line across the country, actually there areas which are far much behind and others are very much developed. That means it is a question actually of balancing what we get from the central Government. And in this case it shows that there has been some kind of bias by those who distribute those resources to favour some areas and actually to marginalize others.

Translator: Etejo ore oshi eoroto nagira aorita iltungana oitoreisho tenakata imali natii ena nkop e Kenya olganayio pooki naa ketii loonyaita ilganayio loo kulikae nemekure ekiyieu taata niaku keori ilganayio enaa enaishiakino.

Mr Dickson: In my view, actually the beneficiaries have been a politically correct and larger tribes at the expense of the minority, and mostly with those living in the semi arid and pastorol areas of Kenya.

Translator: Ore iloreren otagolo ashu aa kumok te iyiook naa etaa kegira aapetaa iyiook kitii iyiook irpukele netii ninche isupuki.

Mr Dickson: In general development lets talk about water, health, education, the road network, actually we the Maasai, or even the people in this hall. They know electricity reaches ngong hills but beyond where we have 75% of the area representing Kajiado North they know nothing about clean water or pipe water. They know nothing about a good school either secondary or primary. They know nothing about tarmac. We are also in need of those kinds of facilities. So I am saying development has been concentrated in some areas while some areas have been left out, completely ignored.

Translator: Etejo ore te nkop o olmaasai naa mikidolta kiata isipitalini sidan, mikiata irbaribarani sidan tapala duo iyie kele sitima laa enchorro emuny ake ebau neiguari idia nkop inyi pooki metomisimiso, ata teneim isitimani adung aim atua nemetengilikini intae amu meji eyieuu intae ewangan nemikitumito enkare sidai.

Com. Githu Muigai: I will request you please. You have outlined the problem very well, please identify the solution tafadhali.

Mr Dickson: Now I said the solution while I proposed this kind of system the federal or the majimbo system. In that case we will have, whatever is coming from our Government, actually it will be distributed equally to all areas in the country. So that is why I proposed majimbo system. Because the national resources have not been equal distributed.

Translator: Ore entoki naoru iyiook osina pii naa ninye ake naidim aitunguai iyiook naa Serikali e majimbo amu ekitumoki aetu aitumia intokitin ang sii iyiook nikiata. (clapping)

Com. Githu Muigai: That point we have now got it please if you could move to the next one.

Mr Dickson: Let me go to the Local Government. I propose that the Local Government, aspirant or Councilors should be form four leavers and above. While county council chairman and Mayors should be graduates of a recognized university or an equivalent.

Translator: Etejo ore iltungana pooki omokini agelu meshomo county council naa iltungana oidipa secondary otabakitia form four. Ore chairman ashua mayor loo ntauni naa iltungana oidipa university.

Mr Dickson: I also propose that the moral and ethical conducts of these aspirants should be considered to avoid untrustworthy leaders or people with criminal records.

Translator: Ore sii iltungana pooki ogeluni naa iltungana ilarikok oota olkuaak sidai, mme duo ake oltungani oba anaa olotu ajo entegeluaki.

Mr Dickson: I also propose that count councils should be autonomous.

Mr Dickson: Salaries for Chief officers and Councilors will be sorted out by individual councils depending on the revenue collection on financial capabilities.

Mr Dickson: Then I go to my third point, which is land and property rights. Concerning this. I propose that the local community should have the ultimate ownership of land to prevent land grabing by anybody who is favoured by any other quarters or through corruption.

Translator: Ore sii inkulukuok naa pee kiaku inolosho naa ilo osho omitu naa ninche oyioolo enitaas ekulukuoni enye kake mme kulikae tungana oingua boo oyioolo enikoni enitaasi enkulukuok olosho.

Mr Dickson: I also propose that any land for any use by any organ of the Government should be acquired through permission of the community or its representatives. Not to be decided in the offices in Nairobi, or anywhere else and then land is curved out and you are told it belongs to the Government. The community should have a say in any land which should be used for any purpose to benefit them in acquiring that particular land.

Mr Dickson: With your permission honorable Commissioners I would like to mention a case at hand where grabbing and corruption played the key roles. And these I am saying we are talking about land like Musiro (Maasai Dialect) ajuridication sections in Kajiado District or even in Kajiado North.

Translator: Ore tenkaraki natai Serikali taata torrono napurisho naa ina peyie etumi enkop natiu taata anaa iloodo ariak ekonyari aisho kulikae tungana naa neija etiu noo mosiro ekonyari aisho kulikae tunganak naa neija etiu ilchesimet.

Translator: Ejo ore pee ilo nena kuapi ejii naa ore iltungana otii naa kuota enye ina nkop enye enye ninche ejokini etotonie peyie aa ore three quarter neya iltungana leme ilina nkop nemekiyieu ina.

Com. Githu Muigai: That issue of land x2.....

Mr Dickson: I think the same case also applies to a place like Lonaria (inaudible).

Com. Githu Muigai: You have made that point, please we have understood it, please move on to the next one.

Mr Dickson: The other point is the semi arid areas being occupied by the Maasais actually are semi arid and are not economically viable to be subdivided into smaller portions.

Translator: Ore inkuapi natii ilmaasai naa nkuapi naipurkel nemeyieu nena kuapi nedungi amu ore ake pee edungi niaku mekure etumokini eramatata ongishu.

Mr Dickson: In those areas there is scarcity of water, there is no water at all, the rainfall pattern is very erratic. Actually they are very dry and are not fit for crop production. It is only productive or economically viable for pastoral or livestock production. And when these areas are subdivided into very small portions of up to even to an acre or 2 or 10, actually when we talk about 15 acres per animal per year. When somebody gets an acre of land and it will not produce any crops economically we are killing the economy of that particular area.

Com. Githu Muigai: The proposal is.?

Mr Dickson: I propose that the semi arid lands presently being occupied by the Maasai should not be subdivided, it should be wholesome.

Translator: Ore kuapi pooki olmaasai neisulaki inkuapi naipurkel nameitokini aikata adung nena kuapi enchoo eramatishore ilmaasai aa eikunenye anaa apake enatiu.

Mr Dickson: Also to attain this goal or this objective, I propose that the land control board should be abolished and be replaced with community based control board special cases if need arises, at the community level.

Translator: Ore sii entoki naji land control board newuangieki neaku tenaa ketai naa tiatua olosho tediewueji ake etae kake mitokini aikata ata too kopisini anaa tenakata enatiu.

Mr Dickson: They should be revisited in a view, actually those treaties were meant to give that land to the colonialist at that time, and when they go back they give back our land to the owners. But when they left, that land went to other people not the Maasai people.

Translator: Neaku ekiyieu naa nikingor ajo kainyoo apa peyie ore ena olong naipang iloibor tena kop name iyiook etushukokine enterit ang anaa enatushukokine kulikae tungana.

Com. Githu Muigai: Your proposal is?

Mr Dickson: I am not saying it is a must we get back that land. But if it cannot be gotten back we should be fully compensated. And that compensation can be used, actually to develop the very undeveloped Maasai country or the Maasai land.

Com. Githu Muigai: Good point.

Translator: Naa tenaa mikitum toi ninye ina kop nellaakini naa iyiook peyie aa ore entoki natalakinyeki iyiook nikitum ataramatie ena kop apa nikietuo naipurkel.

Mr Dickson: On that point still I propose that if it is possible a Commission of inquiry be constituted to look into those 1904 and 1911 agreements.

Translator: egira sii ajo keyieu nai neitayuni olturur orinyokino ainguraa ajo kaji eikoni ilo ning oapa pee eingurari tenaa kelotu aifaidi sii ninche iyiook ilmaasai.

Mr Dickson: Still on land I also propose that non citizens of Kenya should not be allowed to own land exceeding a certain

level. Because when we allow as a country anybody to buy land or own land anyhow, I think the country can be at risk where foreigners can even buy, we are poor, the foreigners can buy the whole of this country and we are left without. So I propose actually that a limit should be set may be a certain percentage of acreage should be set for foreigners to own the land but not the way they can afford it.

Translator: *Ore sii iltungana leme ilena nkop ashu leme lenkop e Kenya nemeta orusa pee einyiangu ilchampai tena kop.*

Mr Dickson: When I go to point number four this is on the environment and natural resources.

Translator: *Ore peyie alo ainguraa enaikununo eramatare o mali oshi nikiata too kulukuok .*

Mr Dickson: On this point, I am talking about national parks or game reserves. And a case in point is to Amboseli or when you go to Narok a place like Maasai Mara. Concerning this one we have animals. When foreigners come to this country because of that natural resource and they bring foreing exchange, and when we look where those animals are based it is in Maasai land actually.

Com. Githu Muigai: Make the recommendation please.

Mr Dickson: Now I am recommending one suggestion or proposing that the revenue from those wild animals 80% should go to the local community.

Com. Githu Muigai: Very good.

Translator: *Ore mpisai pooki oo nguesi naa pee erinyokini ilmaasai amu enkop enye oshi etii inguesi.*

Mr Dickson: Secondly, there should be a clear cut guideline, by the Government to compensate those who lose there lives because you have gotten lives lost through wild animals. We have lost livestock to those wild animals, we have lost crops and likewise we have lost pasture to those wild animals with no compensation.

Translator: *lazima sii pee etobiri enkooitoi namokini alakinye iltungana ootara inguesi ashu aa inkishu ang naatara inguesi neaku keyioloi ajo kainyoo naishiakino pee elakieki oltungani naa kainyoo naishiakino pee elakieki enkiteng.*

Mr Dickson: I also propose on that point also, forests which are also natural resources also. These forests are actually becoming extinct. Like the Ngong hills we have the (inaudible) actually these forests are going away and we would like the

local community to have the mandate to protect those forests.

Translator: *Ore sii intimi naa keaku olosho oingor intimi enye mme kejokini iltungana le mboo oponu aingor ashu Serikali naingor.*

Mr Dickson: Actually in our Maasai tradition we have a lot of value in those forests because that is where we get medicine. Most medicine comes from those forests, and those forests are actually being wiped out.

Translator: *Naa keirita sii ninche iltungana inguesi enye amu atua oshi intimi enye amu nena timi oshi eitayunye ilkeek ooook te muei.*

Mr Dickson: I also propose that Parliament should be made of two chambers, that is the lower house and the Parliament.

Translator: *Ore sii parliament neaku ketaa inkajijik are enaji lower house oo enaji senet.*

Mr Dickson: Actually the senate should comprise of elderly and rich people of this country. The reason is as we can see our economy is so much down. And when the lower house or the Parliamentarian make decisions the senate actually can go and scrutinize factors which can affect our economy. Because our politicians sometimes can decide on issue which actually favour their political directions but these decisions will have a second body to consider. And people who care about the economy and people who have assets or people who have enough property in this country, then I think there can also be a big consideration as far as investments are concerned. So I propose that there should be a senate and a lower house of Parliament.

Com. Githu Muigai: Okay. I would request you now to please wide up as you remember from the beginning you are allocated your specific time.

Translator: *ore*

Mr Dickson: Just give me a minute please. The next point on the Executive is the provincial administration. I propose that the provincial administration, as I proposed majimbo earlier, jumbos will have an ultimate leader who is a governor. And even the provincial administration should be scrapped and replaced with elected representatives from the grass root level to the state governors level.

Mr Dickson: When we also look at the provincial administration at the lower level which we had at the present actually these people are just picked from anywhere. So if they are politically favoured they are just picked, whether you are a leader or not so long as you are politically correct. I propose that we should have a set out qualification criteria for our leaders even at grassroot level.

Com. Githu Muigai: Just hang on for one question please.

Com. Wambua: You have said that the forests should go back to the local communities and I would want to know what specific role should the Government play, in such an arrangement whereby the conservation and management of the forest goes back to the communities. That is number one.

Number two, I didn't hear you mention about the qualifications, academic qualifications for the Presidential candidates and MPs do you have a proposal on that, and if so can you please give it to us?

Mr Dickson: Well, honorable Commissioner, when I talked about forests. Across the country you can see the forests actually are being..... they are being grabbed. When these forests are in the hands of the Government, the officers concerned actually

are the ones which play a key role.

Com. Wambua: I understand that, what I am asking is in these proposals you are giving us, your own proposal what would be the role, or the minimal role of the Government. Will the Government play any role or will it definitely have no role whatsoever to play ?

Mr Dickson: Yes the Government actually should have a role in that. I think there should be something joint there, the Government is in and the local community is in, so that any decisions concerning that particular forest a compromise should be reached before any final decisions are made.

What I said on qualifications, I talked about qualifications for the provincial administration especially at the lower level that is from the Chiefs to sub Chiefs. At the moment you can find totally illiterate people are being appointed at the expense of the educated people in the community and actually that retards our development because I mean there's no comparison between an educated person and somebody who is totally illiterate in leadership.

Com. Wambua: I was asking about the qualifications of MPs and President not Chiefs.

Mr Dickson: I only talked about qualifications for the Chiefs and the county councils. The minimum qualifications for Councilors should be form four. While those ones for chairmen and Mayors should be university degrees or equivalent.

Com. Wambua: That I understood, what I was asking do you have any proposal if you don't have it is okay. Did you have any proposals for Presidential and the likes?

Mr Dickson: Yes and the proposal I have age wise, the current one 35 years for the Presidential candidate, and this person should be a form four leaver and the above. This should also apply to Parliamentarians. Because when you take a Parliamentarian to Parliament and you have got nothing to offer, then I don't see any point electing that leader to parliament if he cannot make a bill and represent it. So I don't know whether I am clear with that. Thank you so much.

Com. Githu Muigai: Sasa wananchi nataka kuwakubusha tena tuko watu tumejiandikisha 210. Ukiwa hapa ukipitisha dakika zako tano. Hata saa sita ya usiku leo tutakuwa hatujamaliza. Com. Githu Muigai: Thank you , thank you, we will do our best and you as wananchi will defend your Constitution we hope. There is one question for you sir after which the young scholars will come here, because they must go for a class in short while. Kujeni hapa mbele.

Com. Wambua: view clarification Ole Simile. One when you say 42 tribes to be represented in the house one of the things we have heard is that there are some people who have been excluded from the 42 numberlist. And they consider themselves to be tribes in Kenya. We have heard in the coast for example that The Swahilis tribe that they have never been counted among the 42. So is it your proposal that the senate should be composed of only the known 42 or should it be extended to cover those other communities who may have been excluded from that list? That's number one.

Number two, I hope you will remember this. Number two. When you talked of the affirmative action and you say that there should be a Commission to address specifically the issue of land. As you are aware that there is already a Commission on land headed by Njojo, would it be satstifactory to you if that Commission were entrenched in the Constitution, to continue? Because you are saying that the Constitution should set up such a Commission or are you suggesting that a new body totally new body should be established to look in to that issue.

The third point is the question of, you cameup with the proposal that the title deed should be outlawed for purposes of borrowing money. And my clarification which I want from you is whether they should apply specifically to the Maasai or through out the country.

And lastly the question of resources. When you say, and this is a common proposal which I have this morning and elsewhere that the community should benefit from the resources which are located within that particular community. And specifically you gave the example of Magadi. My question is given the fact that businesses are there to make profit what would be the obligation of the community to that organization? Have you thought of that issue? What would be the obligation? What is the contribution the community should give to the organization such that then we can claim a percentage of the revenue.?

Ole Simile: Now let me start with the first one. I think you might remind me the rest if I get lost. One I talked of 42 tribes because I know the problem of marginalisation and the problem of oppression. There is always a problem of big tribes swallowing the small ones. When it comes for example to registering of identity cards you find some people are forced to take identity card using other names of a particular. For example Kajiado North it is a Maasai, then there is an attempt to try to force

a Kikuyu to take a Masi name which is wrong in your question there are 47 tribes in this country all of them should be represented. They have the right and they are entitled under the bill of life for them to be respected. Whether there are only 50, even if it is a tribe only of 50 people they should be represented in the senate.

Now coming to the question of the Commission. The Njojo Commission was not created to solve any problem. The Njonjo Commission was created to carry confusion among Kenyans, it was created to divert attention of reform. And therefore people keep following hoping there is something which will come out of it. It was a creation of the rich family to protect their interest. The one they acquired in Mosilo, Ondaria, (inaudible).

Com. Wambua: So you are proposing a new body?

Mr Ole Simile: I am coming to that, I am answering your question. I am just giving you the background. So that one is not going to solve any problem. And I think you are not following. I told Mr Njonjo in Kajiado to resign because he is not the right person to be there, because the mess we are in he could not have done that mess. Now that one is not even a Commission credited by Parliament and is not also answerable to Parliament. We need a Commission created by the new Constitution with specific terms of reference and with specific time and they have to bring back the report and there be implementation. The one I am talking about is the one like the one in South Africa.

Coming to the land you talked about the title deeds. What I am talking about the history of this country. From the day the British arrived in this country it was destroyed pastoralism and that system that had been there even. They have never stopped. So what am I talking about, I live in a semi arid land where water is 100Kms. What I am talking about, if for example while in Kajiado you have a piece of land and you already have a title deed. This is an agricultural area, you don't have no problem. But in the pastoral area in order for us to be able to keep livestock. I know for example a Government institution by the name AFC. AFC gave a Maasai 50,000 with one thousand acres. So I have a land of 1000 acres I am given 50,000 shillings. You have five acres (inaudible) you are given 3 million. Right. In asense, in economics it is not viable, it is not productive.

So instead of giving people a lot of stress we do away with it completely the Government should now give a mechanism in place to revise livestock production. It is doing so well in Botswana. It is not doing well here because here the mentality was created, so that whatever the Maasai are doing is useless is rubbish, they are doing because they are primitive but they don't question how much we produce economically to this country. Look all (inaudible) you look all people working in the meat industry are all employed because the pastoralist are keeping animals. But they have never been recognized they have never been respected. That is why KMC the land was grabbed and taken by single individuals. So we are talking of revival of the economy so we need the pastoralist. I think there was a last question. You asked me I think 4 questions I only answered 3.

Com. Wambua: The fourth was about obligations or responsibility of the community.

Ole Simile: Yes it is true. Already the community is playing a bigger role even though it has not been recognized. Once Remember, these people, 90% of these people do not even talk Swahili and if they don't know to talk Swahili they cannot run a company but the obligation is for the company to sit with the local people. And I do support the principle of dialogue. They should talk between the community and the company, which role do they want the community to play. And I think the community is willing to play any role that those people are going to play that's one. Secondly always where we have resource there will always be conflict because the community feels that they are not recognized. That is to be the duty of the community to ensure that there's sustainability of management of these resources for the benefit of the company and for the benefit for the local people.

Com. Githu Muigai: Thank you very very much indeed for a very very (inaudible) presentation.

Mr Ole Simile: Now I want to just, because I am passing my document to you. A fews ago I am just sort of asking a curiosity question to you Commissioners. A few years ago there was a land adjudication amendments bill prepared to solve some problems in some particular areas. It went to first reading in Parliament and it was shelved, can this Constitution be able to address that one. the new Constitution is there any possibility for the new Constitution to address that one because it was stopped, because it was going to take the land away from grabbers back to the local people.

Com. Wambua: It will be addressed.

Com. Githu Muigai: Mtanipatia ruhusa tukubalie vijana wa shule watuambie maneno yao. Kwa sababu wanataka warudi shuleni. Tumekubaliana?

Audience: Sawa sawa.

Com. Githu Muigai: Asante.

But it is good that I want to tell you the laws which were used to enable those people to acquire those lands. Those laws were made 40 years ago and up to this minute have never been updated, therefore the law which has enabled them to be there has actually side lined us that is why we don't have any benefit.

They should even be able in each area where that company is we must have a primary school, we must have a secondary school, we must have a clinic as a part of recognition.(clapping) Another thing is that we should have also have employment. We want also this one to be included in this Constitutional review.

Com. Githu Muigai: You highlight because you have only two minutes.

Mr Naila: Okay, let me now go to the Executive arm of the Government. The Executive shall comprise of the President, the Vice President and the cabinet Ministers. All cabinet Ministers shall be professionals in their respective fields. To hold an office for a maximum of 2, 5 year terms. He/she shall be elected on a common role basis by all Kenyans in Presidential election. The Vice President shall be a running mate of the President and shall be deputy Chief Executive of the republic. There shall be 24 ministries headed by a Minister and the ministry shall be before scheduled by the Constitution. One ministry will be for pastoralism which should be headed by a pastoralist Minister. The President shall appoint the Ministers. Any Kenyan of sound mind and health of 30 and above shall be eligible to vie these offices.

Legislatures: there shall be 2 chambers Parliament. Those are my proposals now. These will provide 2 houses of Parliament namely the upper house and the lower house. The responsibility shall be divided between 2 houses, such that each house shall have specific functions. Senate or upper house shall be the upper house of the Parliament. The upper house shall have equal representation from the 42 tribes of Kenya. The members of this house shall be elected directly by respective tribes and must be fluent in the language of that tribe. The upperhouse shall act as a check of the lower house. It shall have the powers to overturn the decision of the lower house with a vote of at least 70%. More over it shall be the responsibility of the upper house to promote equality between the people of Kenya. This house shall cater for joint interest.

Com. Wambua: Naila Joseph we are going to read that memorandum thoroughly, I think we should give an opportunity to....., we will read it definitely, so if you can just leave it with us and trust us we are going to thoroughly read and identify those recommendations you are making. If you allow me I can seek some few clarification because those are more important to us. And we give somebody else an opportunity. One of which is if you can be kind enough to clarify to me. We are concerned with building a National culture and one of the issues as a Commission we want to seek views from you is how we can use and blend the various cultures to come up with a national culture. And if I understood you correctly it would appear like you are recommending that communities should have the preserve of maintaining what they can call their culture. Are you saying that we cannot borrow if I come here, I cannot borrow what I consider good from the Maasai culture? Even if it includes the dress, I want to be very clear about that because I have heard another presentor touch on that point. And I think if I got you correctly you repeated it, I would want you to clarify on that issue.

The second issue I wanted you to clarify on is this right to cultural practices, is it your recommendation that if for any reason it is breached one can go to court so we make it justiciable right. Those are two points I would want you to clarify if you can. The rest of what is contained in that memorandum I think we can read because will have all the time.

Mr Naila: Of course,. What I am trying to say, the culture of the people there is no where in the Constitution where these cultures are being considered. But it has come a time that we have seen that even people are trying to commercialise some other people culture. So what I am trying to say is every person has his own culture: and I understand my culture more than any

body else understands it. I am not trying to say that they should be buried but there should be a way when this culture or presentation doesn't deprive our people the way also of have trying to make their own way if it is business or whatever through their culture. So this is what I am trying to say.

Com. Wambua: I have understood that. The second point please. The second point was whether those rights should be enforceable in court.

Mr Naila: Yeah of course. I am of the feeling that there must be a law which, because I know there are some people who can intrude and say okay after all what is going to happen? And we have been so bitter about what is happening in our culture, you go to place like beaches you find, people are being curved naked and so on, and since there is no way you can take somebody to court because of doing the curving and then they can continue to do it and I think this is an abusive attitude towards the community. So I am trying to say that we should also have a law which will govern us.

Com. Githu Muigai: Please in a half second please wide up so that we give somebody else a chance.

Mr Naila: Yeah Okay, and finally about Judiciary, we feel that the country has gone astray because there is no proper justice. And maybe because justice panels are being appointed. I am of the view that the justice should have a Commission and then the kind of the judges we are going to have will be the judges appointed by the Judiciary who would be recommended by the Commission and submitted to the head of state. They should have the recommendation from the Judicial Commission.

Mr Naila: We should have a Commission of judges

Mr Naila: Okay thanks.

Com. Wambua: Can we have the student who was left behind please come forward mention your name give us your proposals and please be very brief.

Com. Wambua: Mwalimu let them be clarifications because we don't want points which have been mentioned to be repeated let them be clarifications. We are 300 people and each one of them must be given an opportunity to say something. Please make sure that you are very brief. If a point has already been made there is no need of repeating it just to mention it.

Mwalimu: Fine I will take note of your request I am not going to repeat on factors that have been mentioned earlier on.

Translator: *Kejo taa keyieu neitalala imbaa duo natejo ele kijanai.*

Mwalimu: because of that I will directly move on to police arrests that are being carried out. The point is we have not noted before indecent police arrest have been made on suspects. So our request is rather than use this system of arrest we employ..

Com. Wambua: You say your name first.

Mr Donald: I am Donald Osiemo from Rivals Academy

Translator: *Kejo taa keji Donald amrose neinguaa Rivals.*

Mr Donald: On the issue of arrest I want to say that instead of police coming and arresting someone indecently, we should have a system where if you suspected of committing crime you are served with a summon to report to a police station so that you are may be interrogated there.

Com. Wambua: Point noted mwalimu.

Mr Donald: Okay and incase of people are running away, we request for a system where it will be given an opportunity. Or the police to be given an opportunity by the media to freely make their summons through the media so they don't pay for it. But such people will have the information that you are being looked for by the police.

On the Preamble there is an area where you asked whether we should have a Preamble or not. Infact we should have a Preamble. And in the Preamble it must state what the Constitution should offer, how to offer it, when to offer and that is the services the Constitution will offer to us. The scope and limitation of the Constitution should be clearly stated in the Preamble and rather than have the Constitution to find as may be only on to the social line, it should incorporate political, cultural, and economic aspects of it.

Equally we should have a national slogan to identify with. Because we normally identify ourselves with party slogans we should have a national slogan to identify ourselves with. And that one should be stated clearly in the Constitution.

On presidency a lot of factors have been talked as on the qualifications. The President besides, meeting the age requirement of 35 should not be over 75. We may have someone who is so sinile at that age and may not give us anything so we must also have an upper sealing on the age factor.

Lastly, because other factors have been talked about we may extend the term of service of a President should there be a need. And this one should be subject to a 2/3 Parliamentary approval. Before I can (inaudible)should get clearance from Parliament if you wants to seek for a third term. The VP should not okay on the President he should be able to lead in at least four provinces out of the 8 provinces and should lead with the majority votes. He should belong to a certain recognized region. (interjection)

Com. Wambua: Just finish and you will translate. Where is he where is the translator?

Mr Donald: The VP should be directly elected by the people and should not be the appointee of the President. The VP should not belong to a party he should be able to rise above party politics. He should not be an MP

Com. Wambua: Not yet mwalimu.

Mr Donald: Ministers should be appointed by MPs in the Parliament. Just wait, They should necessarily be

Com. Wambua: Can we have order please, let us give an opportunity to the speaker.

Mr Donald: Ministers should not necessarily be Members of Parliament but rather professionals in a given area. So they may not necessary be MPs and they must hold a degree.

Com: Thank you very much we will read that memorandum please register it there.

Mr Donald: Finally I request clarification of one point, when we have an MP who is not serving well, we should have it in the Constitution that MP should be sacked. And we have 2 methods to use to have that Minister sacked: one we can have a vetto group at the constituency level. Wherever the members of the constituency feels as not giving the service required. I mean they should come up the report which will forward the speaker of the National Assembly, and then the chairman of the electoral Commission. And upon receiving that report then the 2 bodies should work and ensure that elections have been called.

Equally he can be sacked by merely looking for more than 2,000 signatures, and after looking for the signatures they are forwarded to the speaker of the national assembly.

Com. Wambua: Before you leave that is the proposal we have received elsewhere. And the question I have always asked is

raising 2, 000 signatures is a very easy job. Because your opponent will easily raise them. Are we going to have people recalled every other week after they are elected ?

Mr Donald: I think we should have it after 2 years.

Com. Wambua: Okay thank you very much, you are proposing a period of testing whether he can perform or not. ?

Mr Donald: Yeah.

Com. Wambua: Thank you very much. Can you please register yourself there and we call the next person. Francis Ole Sakunda we are giving you 2 minutes. Where is he? He is the one? You went out when we called you please we don't have a lot of time summarize your proposals in 2 mins. Proceed.

Francis Ole Sakunda: Thank you Sir but I request you give me also a chance like any other speaker because.

Com. Wambua: We have 300 people registered here.

Mr Francis: Yeah I know but..

Com. Wambua: let us not argue, we started by saying 5 minutes and we have given you 5 minutes you don't argue because we are the ones controlling the process. Don't argue you have 3 minute to make your proposals please proceed.

Com. Wambua: Yes I have. One is on the question of customary leadership which you are proposing it should be recognized. Do you have specific proposals as to how this should be done in the Constitution?

And secondly (which I didn't want to ask) could you help us by understanding the words mysterious disappearance? Very quickly.

Mr Francis: On customary leadership, what I am saying is that in the Maasai culture for example because that is the culture I belong and I understand it better we have leaders who are elected by the community. We have age groups, and we have customary Chiefs who play a very big role in the community. The current Constitution instead of having even administrative Chiefs we should have the customary Chief to lead and act in the community. Or maybe work together with the Government instead of having a duplicated role of leadership in the community.

Com. Wambua: Understood.

Mr Francis: On the mysterious disappearance, there is sometimes may be a case whereby may be somebody may go and may be get lost, probably eaten by wild animals, like there was a case of a cyclist, who was cycling and he disappeared. I don't know whether his family got him. There should be a law may be to investigate further. Probably there should be funds allocated, set aside for anybody who disappears to be followed up because may be funds were not available to follow that person. Thank you so much.

Com. Wambua: Asante Francis please sign the register. Jina ni gani mzee?

Mr John: John Matula.

hivyo tutafuatana hivo. Sisi ndio tutaita na tutafuata hiyo list vile mlijiandikisha.

John Matula: Can I start ? Nitachukua hizo dakika tano peke yake. Kwanza I want to start with the Preamble. A Constitution without a Preamble It is like a cup without a handle. And what we want, we want the Preamble that the names of the 42 tribes in Kenya must be included because these 42 tribes are the signatories of the Constitution. Mr John: Let me changanya the language.

Translator: (*Inaudible*).

Mr John: Alright and then about the historical injustice. Many speakers have spoken about it. And the reason why we want this one to be revisited is to make the whites or the British to admit liability that once they wronged us and still stand guilty before the Maasai. (clapping)

Mr John: The Kind of governance: what I mean is that federalism is the best kind of Government to serve all wananchi equally. This is because that is the only time when they can only share in the national cake equally. But with the unitary Government they will favour a small clique of people at the top, and the wananchi will suffer to death. Again federalism will also protect people from domination and also from marginalisation, From the dominant group in their own hands. (clapping)

Com. Githu Muigai: No No.

Mr John: Olosho means a section.

Com. Githu Muigai: A section.

Mr John: Yes.

Com. Githu Muigai: So what is the concept there? Can I understand?

Mr John: The concept. We here in Kajiado we have nine Maasai sections (Maasai dialect) and every section must have control of their own soil for their own utility and nobody else from outside must grab that power from them. Their land is their land and nobody can tunya us. (clapping)

Com. Githu Muigai: I have understood John. Hamilton. Tumpatie nafasi azungumze tafadhali. Enda huko please talk with the coordinator. Tumpatie nafasi Hamilton. I am told you are speaking on behalf of the diocese?

Com. Githu Muigai: We give you precisely five minutes to summarize and since we are giving you a priority because I can have the note here we reduce that to 3 minutes please precede.

Mr Hamilton: Review Commissioners the DO and ladies and gentlemen my name is Hamilton I came from Kipeto location. As I was told that I have three minutes I require an interpreter.

Com. Githu Muigai: (inaudible)

Mr Hamilton: Do I have an interpreter? I don't have an interpreter.

Com. Githu Muigai: Just start off you will get an interpreter.

Mr Hamilton: Alright. One thing that I would really ask the Commissioners is that once the Commissioners were asking to be allotted time to mid next year, and recently we heard that you are able to finish up the process in September, so I don't whether you have been influenced by the political manuevours or it is because that the time frame...

Com. Githu Muigai: Please give us a proposal to the respect of that issue.

Mr Hamilton: Okay I am asking that at least you should take the time that is necessary for you to come upwith a document, a proper document instead of trying to beat a deadline which historically history will not judge you by the ability to beat the time. So that is the thing I have.

The other thing I wanted to talk about is that of federalism. This is a word that I would not use because it carries a lot of connotations. But I think the country will be better ruled if the people are given back the power to rule themselves. I am also talking about it because I see a lot of things. I am actually impressed by the Maasai system of governance. Presently the Constitution or the judicial system that we are using you find that a wrong doer will end up winning a case when infact he/she is the person who has wronged the other one. But I find in the Maasai system.

Com. Githu Muigai: What is the interruption about? Endelea., just speak closer to the mic and more loundly go ahead please.

Mr Hamilton: With the Maasai system of justice you find that there is actually no corruption, there is no briberly and people and the elders.

Are you still saying that we should restrict dress culture to particular communities? I mean I am asking quite honestly what is your proposal on that? Are you still insisting that we should not, if I like tha Maasai dress I should not use it? Because you are not even now yourself dressed like a Maasai.

Mr Hamilton: Okay it is my suggestion that one is given the freedom to dress as he deems fit irrespective of whether he is a Maasai, if you are talking about Masi dressing code, irrespective of whether you are a Luhya or a Luo and you want to dress like a Maasai it is free, as long as you don't abuse it.

Com. Githu Muigai: Sanare Dickir. Sanare from Ngong diocese. Ni wewe? I know you have a memorandum and therefore you will be very brief. Thank you very much. Atafuatwa na John Olenchoki wapi utafuata yeye. Ole Musei

Mr Dickir: Asante sana Tume ya Marekebisho ya Katiba nimesimama hapa kwa niaba ya kanisa katoliki Ningependa kusema kwanza ya kwamba kanisa katoliki lina imani kabisa na Tume hii. Tunaimani kabisa ya kwamba matakwa yetu yote ya Katiba mtawezza kuyatilia maanani asante. Kwa ajili imeandikwa yote kwa memorandum ningependa kusema neno moja tu kwa upande wangu. Naitwa Sanare Dickir nawakilisha tume ya haki na amani ya kanisa katoliki ambayo kwa urefu wake ama kwa ukubwa wake ni kilometer elfu thelathini na sita mraba. Thank you.

Jambo ambalo halijazugumziwa hapa ni kuhusu fidia kwa wale wananchi ambao wanaishi mahali ambapo kuna wanyama wa porini. Na ningependa kusema hivi kama pendekezo langu: mtu ye yeyote anaumizwa ama maisha yake inaondelewa na mnyama wa porini fidia isiwe chini ya milioni tatu kwa ajili saa hii fidia ilioko is only 30,000. Mtu anauwawa unalipwa elfu thelathini. Sasa 30,000 na wewe ulikuwa baba ambaye uko na watoto wanne, hayo maisha ya hawa watoto itasimamiwa na nani?

Pia katika waakilishi Bungeni ningependa kuwe na a provision in the Constitution. Kuwe na ofisi ya uwakilishi Bungeni hapa mahali ambapo mbunge anatoka. Sio kutoka hapa tunaenda kuangalia mbunge wetu Nairobi au mahali pengine. Kuwe na ofisi ambayo atakuwa anafanya kazi siku tano kwa mwezi. Na ni ofisi ambayo hatakuwa na representative ni yeye mwenyewe awe pale asanteni sana.

Com. Wambua: Wakili I assume you are going to give us a written memorandum because you have made extensive references to the law. I assume you are going to give us a written memorandum so that we can benefit from those references. But I have a few things to clarify with you if you don't mind.

One on the question of I didn't hear you mention about group ranching and you have a law in group ranching I didn't hear you mention about that. We don't need to waste a lot of time on it but I assume you will include in your memorandum. But I think you should comment on it whether you find that particular registration to be satisfactory in view of the fact that you have emphasized on pastoral land rights.

The second one I wanted to talk about is the question, who questioned the concept of olosho, whatever you are calling it. Somebody came in here and said that Nairobi belongs to the Maasai. And what we are wondering with my colleague is how do you apply this concept to the urban land especially plots? How can you reconcile that? Or do you want specifically to exclude urban land from that concept?

Lucas: Thank you

Com. Wambua: I have not finished Sir, if you can give me a few minutes because I want you to comment on this. And if you are not ready you can take time and think about it and reduce it in to writing because we want to benefit from your training as a lawyer.

Then one of the issue which we are concerned about is the whole procedure of domestication of international conventions. You have specifically asked certain conventions to be ratified but what we are concerned with as a commission how do we have Constitutional provisions which ensure that those international conventions which have been ratified by the state actually become automatically laws? If you have any specific proposals on all that can be done it will help us because that is one of the issues we have.... Not particular say this should come in, we are saying what more do we adopt in the Constitution such that where the country ratifies a particular convention it would automatically becomes a domestic law. If you have not thought about it you can take your time and write to us but the ones you can comment on right now, in very few minutes please do so.

Com. Githu Muigai: I want to ask you before you proceede 2 more small questions. One you say that awilling buyer and willing seller should be abolished. Yaani amesema katika sheria ya Kenya kuondolewe ile haki ya mtu anataka kununua shamba na yule anataka kuuza wasikubaliwe. I want to ask you this how is it then are you going to deal with the idea that land is a commodity, in Nairobi, Kiambu, Kisumu and so on ? Are you saying the whole of Kenya there should be no willing buyer, willing seller? Were you saying in Maasai country nobody should ever buy or sell? That is one.

Two, you say that title deeds should not be used to lend money. Amesema kwamba title ya shamba isikubaliwe kutumiwa ndio watu wapewe mikopo na bank. My question to you is this how then are you to generate credit? I assume this is specific to the Maasai economy. How are you to generate credit? Because the Maasai man will not be lent money because of his cows he will be lent money on the basis of something that can be securitized. How do you intend to deal with that?

Mr Lucas: Thank you very much the commissioners for those concerns. (inaudible) comprehensive memorandum on the issues that I have raised. However the issue of the group ranches: the group ranches (inaudible) pastoralism, we don't refuse it appreciate communal ownership property and rearing of our livestock. However the system has failed, because of the democratic operations that have been introduced in the group ranches. (inaudible) work. It still opens room for lose (inaudible) principles. Capitalism, the individuals amongst the Maasai who are rich elites have dismantled this particular law. The rich say the problem is actually more of internal than external. The chairman the secretary, the treasurer within the group ranches, have turned to be monisters who acquire the best portion of land within the group ranches, If we are going to have recommendations let them be those going to empower group ranching operations.

(inaudible) that can hold on that have some accepts of pastoral rights. The other (inaudible) to group ranches is that let us allow group ranches to have the coorporate aspects within the group ranches. Corporate entities. Companies can be formed within group ranches. Whoever wants to sell land. I don't belief in that concept of if you want to sell land don't sell it because they will sell it at night. So when a Maasai sells land into the incorporated company within Olosho. Because people sell land because of social economic problems. When they become powerful and then they realize that there is need for land we can actually sell this company sell the land back to them. Even if you are going to live as squatters but the Maasai should not be declared landless. We should not have a Maasai asbe a watch man in the city.

Akaweka majimbo Kenya. kwa hivyo si kitu ambacho utakuja kusema kimeletwa kilianzishwa na Mungu. Kwa hivyo majimbo ndiyo Serikali tunataka.

Ikiisha hiyo ya majimbo: ndipo sa wale watu, wale wazee na wale watu wanakaa katika sehemu zao za district walianza kutatua mambo yao kulingana na werevu wao au ujinga wao na kadhalika. Basi kwa hivo tumekuwa na shida Kenya sana maana wale wazazi amba wako huko amba hawana masomo ya kutosha hawana nafasi ya kutoa maoni yao.

Maneno hapa tumeyasikia ya ardhi, wildlife kila kitu na yameingia, kama yametanjwa usirudie. Taja yale ambayo hukuyasikia na unafikiria lazima yashugulikiwe na tume ya Katiba.

Councillor: Asante sana sitarudia kwa sababu mambo yamesemwa. La kwanza tu ningependa kuweka aspect moja ya ardhi

tafadhalii. Nimesikia ya kwamba watu wengi wanasema Maasai land is an idle land. Na ningependa kusema mbele ya Commissioners kwamba Maasai lands are not idle.

Daniel Ole taki: I am Councilor Daniel Ole taki from Mosiro Ward. I am saying this: people are saying that Maasai lands are idle. I want to say this that, they are not idle, but it is just we are looking after them, we are taking care of our own lands. So that perception of many people should come out of their minds.

Com. Wambua: Asante sana Councilor, asante sana, thank you very much Councilor. Jiandikishe hapo tafadhali. Kabla sijamuita Councilor yule mwingine ambaye anaitwa Councilor G K Tapaiya okay yuko? Hayuko. Basi nataka kujua, ngoja kidogo hapo Councilor. Sasa nataka kujua kwa list ndio njue vile nitaenda msikie majina na yule ambaye yuko ainue mkono tuna Phillip Ole Sironga. Yuko hapa ama hayuko. Ameenda. Ametoa, bado. G K Ole Tapaiya. Ako wapi ndiyo huyo. Haya ngojea hapo Councilor, Wewe ndiye Councillor.

Mr G.K: No I am not.

Com. Wambua: You are not a Councilor?

Mr G K: Yes.

Com. Wambua: Ngoja kidogo.....ako pale, Joseph Ole....alizungumza ni kweli. Yes nakumbuka hivo.....ako pale ngoja tu.....ako pale.....Councillor Olendiye huyo huyo amezungumza.....ni Councilor, kama hayuko msianze kumtafuta, yuko ama hayuko? Hapana nani unaconfuse. Akitokea tutamuona ni kweli. Ngoja ngoja tu. Daudi.....kama ni CCC tutampa nafasi mwisho tutawapatia wananchi kwanza wale wa member wa 3Cs hata wakibakia hapa saa mbili tutawasikia. Daudi.... Hayuko.....haya ako hapa....Bernard.....ameongea.Julius.....hakuna maneno. Yeye amesema hana maneno kwa hivyo kwake tunamtoa. Kidogo mnjonjee tafadhali Councilor.Hayuko. Ameongea? Bandu lakini hayuko hapa.....alizungumza? Aa yuko basi.

RodaOle...yuko.ndiyo huyo ni nani huyo?.....yuko ama hayuko? Nataka kujua kama yuko hapa. Yuko? hayuko basi. Ninataja mara mbili tu kama hayuko basi..... Ako wapi yuko wapi? Ndiyo huyo. Kuntai.....ako paleamezungumza. Haya tutulie x2 nataka kupata majina ya wale ambao watazungumza kwanza tutulie.....ngoja kidogo tafadhali, fanya heshima ungonjee, ninataja majina utasikia jina lako kama liko hapa. Hakuna mtu nitaruka hapa. Page 2.Jeremiah.....ah uko hapo usifanye shaka sasa utazungumza, sawasawa. We ngonja tu kama iko tutaitafuta tutaiapata. Kama uko hapa jina haiwezi kupotea mnjonjee tu tafadhali. Aa ngonjeni.hayuko.hayuko.....James Ole....yuko.....Joseph Ole Muruacho. Vivian nitakuita. Nafikiri uko hapo. Vivian ako wapi ni wewe nitakuita saa

hii.....Kitau.....alizungumza huyu.

Lakini kile tunapata hapa ni repetetion. Kwa hivyo nataka waamue tuwapatie nafasi wazungumze na wale ambao watafikisha saa kumi na moja sisi tutafunga mizigo na kwenda maanake lazima twende saa hizo. Ama tupunguze muda tupatie kila mtu dakika moja. Kama anataka kuongezea moto yale yamesema yale anachoma saa ile anaongezea maanake tayari yamenaswa. Na si lazima yarudiwe na kila mtu ndiyo yawe yako ya muhimu tayari yameingia na tumejua ni important. Kwa hivyo kama kuna mtu ako na maneno mapya atwambie kama ni yale yale yamezungumzwa unataka kuongezea moto useme mimi nataka kuongezea moto.

Speaker: Inaudible.

Com. Wambua: Ngoja ngoja sijamaliza, sasa hii ndio imeharibu huu mkutano maanake kila mtu anataka kuzungumza. Kwa hivyo wale ambao nitawaita hapa mtu akifika pale kama ako na memorandum ameandika hakuna haja ya kupotezea wale wengine nafasi. Apatiane memorandum pale iwe registered tutaenda kuisoma na yeye aende nyumbani akafanye mengine. Maanake sisi tunachukua muda kusoma memorandum hakuna haja utupatie memorandum halafu uisome tena hiyo ni double work.

Pili, kama maneno yametanjwa na tunajua sasa compensation ya wanyama ni shida . Tumejua hapa shida iko ya land. Tunajua kina mama wamenyanyaswa hawapewi nafasi wanataka pia wazungumze mambo ya mashamba hayo yote tumenasa. Kwa hivyo usije hapa urudie hiyo story tena. Ile agreement ya 1904 na 1911 ile mumekataa munasema hiyo ifutiliwe mbali mnataka mapya hayo tumesikia. Kwa hivyo ukija hapa kama ni mapya tutakupatia nafasi ututajie hayo mapya. Tutaita wale wote ambao tumetaja majina yao. Lakini ujue dakika ni moja kama unarudia tunakusimamisha tu upatie mwininge nafasi. Hayo ndiyo tutafuata. Kwa hivo na hiyo ndiyo tumefuata kila pahali hapa pasiwe ndio special. Maanake hapa naona hata ile translation tumefanya tumeharibu wakati na tuliwaambia asubuhi. Muache watu wazungumze maanake sisi ndio tunapokea maoni sio nyinyi halafu mnasema mnataka iwe translation na hiyo ndiyo imepoteza wakati, na ndio unaona sasa madhara yameingia maanake ni saa tisa na bado tuko na watu mia mbili watasikizwa namna gani. Kama tunganeza tu kusikia haya maoni na tuyapokea tungkuwa tumeyapokea tungeenda zaidi kwa speed ya juu kwa hivo nataka kurudi kwa list na tutaenda mbio mbio. Kama ni akina mama, mama akija hapa ataje mambo isiwe ni hii mimi nataka hii iwe namna hiyo maanake wale wametaja sasa wamefungua njia na unajua shida ziko wapi ndio tumpatie kila mtu angalau nafasi azungumze ndio tukifunga awe amesema yake.Basi naanza na wewe sema tu na uandike tutaiweke tu.

Speaker: Wacha ni tafsiri vile kidogo vile bwana Commissioner amesema.

Com. Wambua: Ngoja kidogo kabla hujatafsri pengine jina lake liko katika list ya kwanza. What is the name Martin Waithaka. Joseph Ole Kisau alizungumza, (inaudible) kwa hivyo jina lake haliko hapa. Ndiyo huyu Phillip. Basi atatafuta jina

lake huko. Tunaharibu wakati kwa maswali. Tunakupatia 2 min , tafadhali endelea tuite wale wenginewote. Na tafadhali fupisha maneno. Umetranslate yale maneno nimesema.

Mr Joseph: Jambo langu la kwanza katikati ya mambo mengi yaliyozungumzwa kuhusu governance niko na jambo moja ningelitaka kuongzeza na hii ni kuhusu uchaguzi. Mimi naonelea, kunakuwa na watu wanaitwa nominted Councilors and nominated MPs. Mimi naonelea hawa watu.nafikiri hawatekelezi matakwa ya wananchi lakini kwa mara mingi wanakuta watu wanafanya mambo zao ndani ya wananchi kulinganana commands zile wanazopewa na wale walio elect. So I think nominated Councilors and MPs should not be elected anymore and that is all in the issue of governance.

Let me go straight to the lands. In lands I only have one point and recommendation. It is my proposal that land in Maasai land should be owned by Olochoo, and land in Kenya should be in the hands of the people and not the Government. This will empower individuals to take the Government or any one else to court where one feels.

Com. Wambua: That one was mentioned please. Tell us new views.

Mr Joseph: In the issues of the land again I propose that the land claim court should be written in the Constitution. The Judiciary system in Kenya is very congested as we recognize today this has resulted in land cases taking years to be resolved. Therefore I find need for a special court which will handle land matters only. The court shall have jurisdiction to hear all land disputes including disputes arising from allocation of public lands. That is it from lands

I go to education. In the issues of education I propose that the district education board should be withdrawn from the provincial administration that is the DC. It should be vested in the hands of local professionals in education. I mean local representation in the board to be given first priority. In the same issue of education I go to curriculum. A language is a tool of development and dominion. Therefore mothertongue should be used a language of instruction from 3 unit up to class four at primary level.

Com. Wambua: Bwana G K this things have been said surely (inaudible) maanake tuta..

Mr G K: There is an issue I am driving at in conjunction with that.

Com. Wambua: Just mention it and give us the new thing because we will record it very first

Mr G K: I mean the region in conjunction with the national curriculum development centre should provide material items for curriculum that is specific to the region. So that in subjects like history it should cover our traditions, customary laws and much of our culture. Mr Commissioner unakuta katika historia ama subject ambayo watoto wetu wanasomeshwa. A good example unakuta watoto wanasomeshwa kwamba mtu wa kwanza kuona Kilimajaro ilikuwa mzungu. Na Wamaasai walikuwa wanaishi pale Kilimajaro na watoto wanasomeshwa hawajui Kilimajaro na wazungu ndio wanajua.

Com. Wambua: That is a new one.

Mr G K: Things like agriculture unakuta ya kwamba watoto Wamaasai wanasomeshwa juu ya kupanda mahindi.....

Com. Githu Muigai: GK hatuwezi kuandika curriculum ya shule kwa Constitution ile point umetoa ni nzito sana na tukaandika ni kwamba Katiba iangalie syllabus yote. Basi tuache hapo tutapatia waalimu wataangalia kwa hivyo tusonge mbele.

Mr GK: Then our policy for allocating national vacancies in national institutions the quota system should be retained. It should be seen to it that the quota share (inaudible)

Com. Githu Muigai: G K, I am informed that reliably that yesterday you spoke at Isinya. Don't you think you are being unfair to block other people from talking when you presented yourviews at Isinya yesterday the same Constitution.

Mr G K : I presented a different thing away from what I am saying today.

Com. Githu Muigai: Okay wind up please we call somebody else.

Mr GK: I am just finishing Sir. I mean in the proposed federal state of Government, the quota for the region should be equally distributed to the locals and to the region only.

Private schools candidates should not be considered in the quota allocation and provincial places for form one. These place are meant for local candidates.

And I think much has been talked on culture. And I just want to add one more thing. Our traditional way of living. The Maasai since origin tunawafahamu kama watu ambao walikuwa wanajulikana kwa mambo yao ya kimila. Katikati ndani ya ile kimila ni watu ambao walikuwa wanaua simba. So whenever these people come across and kill a lion they should not be prosecuted because it is part of their cultural system.

Translator: *Ore intatoli pooki neitushuli enkarna o olpayian o enkitok.*

Eunice Nikopiyo: How many wives should a man have?

Com. Wambua: In short should we have polygamy?

Eunice Nikopiyo: Yes. A Maasai man can have more than 5 wives.

Com. Wambua: And that is what you recommend?

Translator: *Einyor ina teneyam inkituraak imiet olpayian obo.*

Com. Wambua: No, we are controlling it from here, the bus is being driven from this side and not that side. Continue.

Eunice Nikopiyo: It is also good although Maasais are polygamists it is good for a man to marry one wife.

Com. Wambua: Please Eunice please register yourself. Okay now, tutawaita wanaume wawili before we go back to the ladies. Jeremial ole Purio, he is gone. Ako wapi? Haya kuja hapa Jeremiah halafu Jeremiah atafuatiwa na John ole Matura, si alizungumza? Haya basi atafuatiwa na Batari ole Ntiamti, hayo huyo mzee atafuata hapo halafu turudi kwa mama tena.

Jeremiah ole Purio: Honourable Commissioners.

Translator: *Kajo pee atranslate pee ening ilmaasai Jeremia ole purio taa tenakata ogira airo.*

Com. Wambua: Do we actually need this translation?

Jeremiah ole Purio: Honourable Commissioners together with my fellow colleagues and participants, I would just like to give

my presentation in point form, in short, very brief. One thing I would like is to second my fellow friends about the Federal System of Government that the people should have the right to decide their own destiny, to decide their own policy, to decide what will govern them in whatever State or whatever Jimbo they will be.

Secondly, as we know in this Government that there is a phenomenon about land, we wish whatever was said there before about the nullification of Land Boards, revisiting the 1904 treaties. We wish the new Constitution will raise up the 1904 and 1911 agreements that the land which was taken by the white settlers and there was an agreement that when these white settlers go back the land should be given back to the rightful owners, they denied the people and residents of that particular place.

Com. Githu Muigai: That issue we have agreed on all of us please move one, we agreed on it along time ago.

Jeremiah ole Purio: As I will just make affirmation to what my brothers have been saying, I just wanted to second also on compulsory free education to all people, and also communal land for all people. The land which was left should be communal land to the whole community who will be residents of that area. In short may I just say thank you for hearing me in brief.

Com. Githu Muigai: Thank you very much for being very brief. Vivian Kotikash, be brief like that gentleman.

Vivian Kotikash: Good Evening everyone, my names are Vivian Kotikash and I am going to give my points concerning education. The first point is on:

Staff Policy: The national staff policy should be maintained and implemented equally in all the areas, because in most areas for example, in Maasai land we have very few teachers in our schools like you can go to a school and find 2 teachers. Those teachers are not able to complete the syllabus. If you compared those schools with other schools in Nairobi, Kiambu and this other areas where they have so many teachers and they are able to complete the syllabus, and hence the students will perform well as compare to the students in Maasai land.

I also would like to add something on female circumcision, we find that most parents in Maasai land do not like that, they cannot accept the fact that female circumcision should be abolished. So what I would like to put across is that if it has to be done, it should be done at the age of 17 or 18 when the girl is able to say no or yes.

Com. Githu Muigai: We have understood you on that point do not explain yourself, you say if circumcision has to occur it should occur to an adult who can choose to say yes or no. Good point, move on.

Vivian Kotikash: Okay, the other point I would like to add something on ..

Com. Githu Muigai: Tusikike tafadhali.

Vivian Kotikash: I am adding something on the minimum entry requirement, I would like to say this, that the minimum entry requirement should be based on the locality of the people.

Com. Githu Muigai: To where, entry to where? To university or colleges?

Vivian Kotikash: For further studies, the university because some people come from areas which are faced by hardship so you cannot compare them with the people from Nairobi or so.

Com. Githu Muigai: Good point well taken, we have noted it down, hang on we have one question for you. You have told us something about female circumcision, that one we have taken down. How about pregnancies of school going girls, what should be the penalty or how should that be dealt with by the law? Wale wazee wanaweka watoto wa shule mimba, sheria ifanya nini? Ngoja, sema tunakusikiza, you are a leader in your own right speak what you think should happen do no check with anybody. They should be charged in a Court of law. Okay. Hiyo sawa, ikiwa kuna mtu mwingine atataka kuzungumiza hiyo atakuja baadaye. Nanta Mpaye, you can start with that last question. Waze wote waende jela. Okay move on to the next point.

Nanta Mpaye: My name is Nanta Mpaye and I want to talk about the issue of pregnancy. Vivian said that the man should be charged and I say that the man should be charged, he should be responsible for the child through out his education and again the girl should go back to school. The girl should not be chassed out of school because of pregnancy because it is just a mistake like any other.

On education; the entry point, I am not talking about entry points to colleges, I am requesting whether the girls in the rural areas knowing the work load they have, whether their grades can be considered so that if the minimum entry point to secondary school is 250 marks, can they be considered between 150 and 200 marks. I am saying this because I went to a high school where we were students from very many schools and some of them qualified with 500 marks but during the form four examination, most of who were from the rural areas did much better than those students. I am requesting whether the entry points for girls specifically the pastoralist community to be considered.

Let me repeat something about inheritance and okay let me not talk about inheritance let me talk about female genital mutilation. I know this is a very sensitive issue especially in Maasai land but this is a reality we have to face. We have to know that we are changing with time and we are talking of women rights as human rights. So a girl has a right to choose whether to undergo this practice or not, it is her right, it is her life. If she chooses to do it, she should do it much later when she is over 18.

On early marriage and child labour, early marriages I know the law was just passed the other day but nothing is taking place. I can assure you I have been working on that and nothing is taking place, nobody is cooperating even the Chiefs are not cooperative, and I can say that as they hear me. They should not even be there in the first place, somebody said that it is our culture but we are talking of development and this is something we have to face. Thank you.

Com. Githu Muigai: Okay, could you please make sure your name is down. Thank you. Potari ole Tiamit na John ole Matura, aliondoka.

John ole Matura: Nimemaliza.

Com. Githu Muigai: Umemaliza mzee, asante.

Com. Githu Muigai:(Inaudible) Endelea. Taja majina kwanza.

Peter ole Nchoki: Nataka kutoa habari ya symbols of business, yaani kutumia alama ya kabilia fulani kufanyia bishara.

Com. Githu Muigai: Unajua tuna-record kila kitu ndio tujue moni ni yako lazima uanze na jina lako, useme mimi naitwa fulani.

Translator: *Nejo sii ore lelo tungana enotito impisai kumok.*

Peter ole Nchoki: Sasa maoni yangu ni kwamba mtu yejote katika sheria mpya ambaye atapatikana akitumia alama ama jina la kabilia fulani kufanya biashara hukumiwe kisheria.

Com. Githu Muigai: Basi, hiyo tumeandika.

Peter ole Nchoki: Ya pili ni mambo ya umaskini/ poverty. Tukitaka kumaliza sheria moja uangalie sana mambo ya ukulima – agriculture, itiliwe mkazo. Maoni yangu ni kwamba Commission ya watu katika jamii fulani iteuliwe isimamie Ministry officials kutoka district levels wawe wakiangalia mambo ya ukulima wahakikishe kwamba mtu wamelima, na watu watafanya bidii na njaa itapotea, na umaskini tutamaliza. Yaani commission ichaguliwe.

Com. Githu Muigai: Asante hiyo tumeshika.

Peter ole Nchoki: Nataka kuguzia mambo ya inheritance ya wasichana. Inheritance ya wasichana ni kweli kwa sababu mila yetu hairuhusu wasichana warithi mali ya mzazi lakini ningetaka kusema iruhusu lakini wale wasichana ambao hawajaolewa. Kama msichana hajapata bwana apatiwe urithi kwa wazazi. Mimi naonelea hiyo ni muhimu lakini yule amepata bwana arithi kwa bwana yake.

Mambo ya elimu nitaongeza kitu mpya, pastoralists wanakuwa na shida ya kuhama hama, sheria mpya ikibuniwa. Serikali iangalie kama kutakuwa na boarding primary school katika every location of the pastoralists' districts ndio wakihamza tena wakati wa kiangazi watoto wasihame kufuata ngombe. Hiyo sasa ninapendekeza pastoralists primary boarding schools. Ni hayo tu waheshimiwa.

Com. Githu Muigai: Asante sana tusonge mbele, tuendeni hivi mama kwanza halafu... na huyu mzee amerukwa na watu wengine sana, sasa lakini ni gentleman kwa hivyo atakubali akina mama kwanza halafu yeye. One minute, kwanza mzee kwa sababu amesimama halafu ... okay, mzee sasa ni wewe anza na jina halafu nitaombea ruhusu mwenye kutafsiri ile gari anaenda nayo karibu itaondoka tafadhali tumpatие dakika mbili amefanya kazi mzuri mzee akimaliza tuende kwake halafu akina mama.

Zakary Mwangi: Asante sana bwana mwenyekiti na Commissioners wote, mimi nitajaribu sana kuwacha kuongea juu ya kitu ambacho kimetajwa lakini labda nitaenda on new grounds.

Com. Githu Muigai: Umeanza na jina, tafadhali?

Zakari Mwangi: Jina langu ni Zakary Mwangi a registered voter, Kajiado North constituency.

Com. Githu Muigai: Okay, endelea Bwana Mwangi.

Zakari Mwangi: The type of Government that we would require, I recommend that we have a Unitary Government in Kenya with an executive President and a Vice President.

Election, I would say and I recommend that any candidate vying for Presidency should be above 45 years of age. Asante sana, kwa hivyo mimi nasema kwa habari ya uchaguzi, upande wa Rais, yule candidate ambaye atasimama awe at least 45 years of age na tena akiwa declared yaani atangazwe ati ameshinda awe amepata at least 51% of the total votes ya Kenya na katika 6 provinces awe ame-win, outright win kwa six adiministrative provinces as at now, zile ziko, hatujuhi kama zitakuwa nyine.

Parliamentary election, mimi nina-recommend at least 35 years kwa Parliamentary candidate na tena akiwa-declared ati ndiye....(Incomplete) votes ya hiyo constituency na tena kama hiyo constituency wale registered voters hawatatimiza 33% voters wale registered wale watakao-vote kama hawatimiza 33% ya registered votes, hiyo place iwe-declared wame-boycott wakae miaka tano bila MP ama bila Councillor. Kwa hivyo naye mwenyewe awe-sponsored by a political party hatutaki independent candidate, awe amekuwa supported, nominated whatever criteria ile party itatumia hiyo ni yao si yetu.

Haya tukiingia katika political parties niki-recommend political party yoyote ambayo haina mjumbe Parliament wasikubaliwe kusimamisha a Presidential candidate kwa sababu atasimamia nini. Tena all political parties after elections those who are registered, political party yoyote ambayo haitapata at least wabunge watano, hatutaki lone rangers, 5 Parliamentary candidates waingie Parliament, they dissolve themselves peacefully and quietly, wale wamechaguliwa waingie parties of their own choice. Hatutaki one Parliamentary candidate wengine hawana mtu katika Parliament, wengine hawana wajumbe. I recommend that we discontinue that.

Com. Githu Muigai: Umebakisha dakika mbili.

Zakary Mwangi: Pole sana Chairman, can I go ahead please? Thank you.

During and after elections kuna mambo hiyo yote ni ya usalama na ya rigging, let the right arms of the Government take care of that, na Electoral Commission ipewe nguvu sana ya ku-prosecute those election errors.

Ile nyininge ni kuhusu period ya elections, Kenya mpaka leo utakubaliana na mimi hatujui election ni ya lini, iwe at a fixed date after 5 years kama US. Tunajua US elections is on the first week of November hiyo inajulikana through out the world. Isiwe ati mara hii au mara hii, kwa hivyo iwe at a fixed date.

Katika upande wa by-election, by elections imetuumiza sana iwe lazima 33% wawe ndio wana-vote.

On freedom, hii labda iko katika current Constitution, freedoms tofauti lakini ile nataka zaidi kutaja ni freedom of worship. Nataka hiyo kwanza iwekewe mahanani labda ni mapenzi yenu Commissioners iwekewe maanani. Ningependekeza all our security arms ambao wanalinda usalama wasiingie katika Parishes ama Mosques kufukuza waumini kama ilivyofanyika All Saints Cathedral, let us not have such a thing again in Kenya.

Com. Githu Muigai: Tuendele, tumechukua hiyo.

Zakary Mwangi: Asante. Yaani wasiingie, na ninauliza all Clergy men, the Imams ama the Christians wapewe ile tunasema immunity, they cannot be arrested when they are inside their compounds katika Kanisa wawe na immunity kama diplomats.

On Police Cells, hebu tusifanye Police cells zetu kama jela zingine yaani pre-determined detention yaani you are guilty before you prove yourself, tondoe hiyo katika Katiba yetu. Na tukiingia katika Law Courts ile backlog ambayo iko ma-cases mengi sana, I have got this recommendation ati case kama ni yangu ama yako ama ya mwingine kama imekwisha leo submissions ya defence today, judgement iwe on the same day.

Com. Githu Muigai: Hiyo tumeshika.

Zakary Mwangi: Ikiwa inaanishwa ati ni wakati mwingine, chances of influencing the Margistrate are very rive, nitaenda huko nimhonge.

Com. Githu Muigai: Hiyo tumesikia, justice should be prompt. Tuende point yako ya mwisho tafadhalii.

Zakary Mwangi: Justice iwe prompt.

Haya on our own prisons, labda kila mtu anafahama lakini ile zaidi na-recommend katika prisons ni kutokana na ile sheria ilianza kutumika sometimes back sijui mwaka huu ama mwaka uliopita. Canning was abolished in schools na hao ni watu below 18, how do you cane an adult? Canning iwe abolished in our prisons.

Com. Githu Muigai: Very good point.

Zakary Mwangi: Canning be substituted with hard labour, ku-cane mzee ni aibu.

Com. Githu Muigai: Hiyo tumesikia mzee, asante sana, actually one of his better points.

Zakary Mwangi: Ile nyingine is on economy, nikienda kidogo economy yetu hata ikiwa si mzuri ama ni mbaya that is not your concern, kwa sababu wakati mfuko yako haina kitu economy ni mbaya ikiwa na kitu economy ni mzuri.

Dream; tulisema during independence and after independence in the year 2000 there will be piped water in every home, today even the water is not there leave alone the piped water, the water is not there. Today we are crying of industrialization when we are killing our industries. Tuanzishe industries like Jua Kali na tuzipe all the necessary materials za kuweza kuendeleza biashara.

Development priorities, sisi hatuna priorities in Kenya.

Com. Githu Muigai: Tatadhali tusikize, tafadhali hapo wazee, ngojeni kidogo tu dakika moja.

Zakary Mwangi: Sisi hatuna priorities in Kenya yaani tunasema hivi, tommorow it is there, the next day unasikia iko there na hii ni kwa sababu kamati zile ambazo ni za district DDC are toothless bulldogs.

Com. Githu Muigai: Pendekeza tafadhali.

Zakary Mwangi: Napendekeza iwe lolote litakuwa recommended at the locational level to the divisional level ati wanataka any development project up to the district iwe taken seriously by the Central Government bila kugeuzwa ati ni hivi ama ni hivi, we do not want that.

Com. Githu Muigai: Nitakuuliza ukomeshe hapo tafadhali kwa sababu bado tuna watu wengi, umesema mambo mengi mazuri na uko na memorandum tutasoma hayo mengine. Kuna swali moja tu.

Com. Wambua: Mwangi.

Zakary Mwangi: Chairman with your permission nitaje moja tu.

Ninge-recommend habari ya Ministers, I take off my hat to one of the Ministers ulisema tusitaje majina na hatutaki. Just last Sunday alisema Government ya Kenya inakuwa let down by the inability of some Cabinet colleagues ambao hawawezi ku-interpret the policies, alisema ukweli ninamtolea kofia hiyo kwa sababu kuna wengine ambao hawajui ku-interpret na kwa

hivyo ukiwa Minister...

Com. Githu Muigai: Unapendekeza nini?

Zakary Mwangi: Napendekeza ukiwa Minister lets say, Defence or Internal Security et.c uwe na at least qualification zinazohusiana.

Com. Githu Muigai: Za kutosha, kusiwe wajinga ndani ya Serikali.

Zakary Mwangi: That is okay.

Com. Githu Muigai: Basi hiyo tumeelewa, basi tusonge mbele. There is a question for you.

Com. Wambua: Mzee Mwangi, nina swali kidogo. Ulipotaja mambo ya systems of Government vile ulikuwa unataka ukasema mambo ya President na mambo ya constituency elections iwe 33%, ulikuwa unasema hapo tunataka, plural halafu baadaye ukaanza hapo napendekeza. Ulipokuwa unasema tunataka ni wewe na nani, uko na group ulikuwa unawakilisha ama ni maoni yako ulichangia?

Zakary Mwangi: Mimi najiakilisha.

Com. Githu Muigai: Okay, asante Bwana Mwangi. Mkalimani wetu na uchukue dakika mbili gari lako lisikuwache.

Daudi ole Lemondoi: Sawa sawa nitachukua dakika mbili, kwa majina kwanza mimi ni Daudi ole Lemondoi kutoka Sonorua, ningependa kutoa maoni yangu kwani mengi nilikuwa nayo yamezungmzwa na sitachukua muda kurudia.

Kwanza kuhusu corruption, ningelipenda Katiba ipatie nafasi Anti-Corruption Authority nguvu ya kusaka maofisa wote wa Serikali ambao wanahusika na ujisadi.

Vile vile kuhusu elections ningependa kugusia mambo mawili, ningelipenda Chairman wa Electoral Commission asiwe anachaguliwa direct na President kwa sababu hata President ni mchezaji kwenye huo uwanja. Kwa hivyo anastahili labda amchague lakini awe amependekezwa na wabunge. Wawe wamepatia labda majina mawili ama matatu anachagua mionganii mwao, Chairman wa Electoral Commission, ama Tume ikichaguliwa, Tume yenyewe ichague mwenyekiti wao.

Lingine ni kuhusu nomination ya MPs and Councillors, tunaona labda wakati mwengine wananchi wanakataa Councillor ama Mbunge kisha anateuliwa anaenda Bunge ama Council na anakuwa Waziri. Kwa hivyo tunaona heri yule ambaye amesimama

na akashindwa kwa kura na wananchi asipewe nafasi kuwa nominated achaguliwe yule hayuko nominated.

Jambo lingine, tunaona kuwa tuna wazee manyumbani wanafika umri fulana hata wanakuwa hawajui vile wanasema ama vile wanafanya, hata Rais, tupendekeze Rais wa nchi yetu umri wa mwisho, mimi ningelipendekeza aanzishe akiwa na miaka 35, a-retire akiwa na miaka 65. Yule atapita hapo asikuwe Rais wa jamhuru ya nchi hii.

Vile vile kuhusu elimu, kuna jambo moja liliwachwa nje na ndivyo tuko hapa siku ya leo tungemaliza wakati mlikuja siku ya kwanza. Hakusomeshwi elimu ya uma ama civic education kwenye mashule na ndivyo siku ya leo tumerudi hapa tungemaliza last time kwa kuwa wengi wetu hawajuhi chochote kuhusu civic education, kuhusu Constitution, kuhusu chochote kile. Tungeliomba katika curriculum tupati civics education nafasi ili labda wakati Katiba itabadilishwa tena na labda tutakuwa wazee ama tutakuwa tumekufa watoto wetu watakuwa wamesoma hayo mambo kwenye primary schools na kwa sababu kuna wengine wetu wamesoma mpaka form four na hawajuhi chochote kuhusu Katiba, heri iwekwe kwenye curriculum ndio wengine waanze kusoma.

Vile vile kuhusu public land, ziwe entrusted na community kuliko kuwachia County Council. Nadhani nitafikisha hapo, sina mengi. Asanteni sana.

Com. Githu Muigai: Asante tunakushukuru sana. Sasa ni akina mama tafadhalii. Please start with your name for the record.

Lilian Makuleiyo: Thank you Commissioners, ladies and gentlemen. I am Lilian Makuleiyo from Kajiado. I will start with:

Parliament, it has no right to change the Constitution it should go to the people and get a consensus of 90%.

Women should be given 30% of Parliamentary and civic leadership.

Pastoralism should be introduced in the school curriculum.

Early pregnancy, I suggest that it be taken to ‘Olosho’ and I suggest that it be extended nationwide because I think it is a nationwide problem.

Did we talk about inheritance that a wife should inherit the husband’s property? Yes, I think that is all. Thank you.

Com. Githu Muigai: Thank you very much. Si wewe, wewe utaingia kwenye que inaenda hivi.

Elizabeth Sialo: Nawasalimu nyangi nyote katika jina la Yesu, nawasalimu mpaka Commissioners wote. Nimekuja hapa kwa ajili ya akina mama wale mabwana wao wamefariki, wanashida nyangi sana.

Com. Githu Muigai: Mama hilo jina ndio lingie kwa tape kwamba wewe ni fulani na ulizungmiza mambo fulani, anza kwa

“jina langu ni”... halafu tuendeleee.

Elizabeth Sialo: Jina langu ni Elizabeth Sialo Munguti. Akina mama wale mabwana wao wamefariki wananyanyaswa sana kutokana na mali ile bibi amewachiwa na bwana yake. Kunyanyaswa ni kama vile labda bwana alikuwa ameo a bibi siku moja ama mwezi moja na hakuzaa na yeye. Yule bibi anatoroka anaenda anaolewa pahali pengine, yule mzee anakaa na huyo bibi wanazaa wanne au watano mpaka hata mtoto wa kwanza anakuwa na watoto tano ama sita kama mtoto wa kwanza ameolewa. Yule mzee anaaga dunia, wakati ashaaga dunia baada ya miaka ishirini na nne hakuna complainant, na yule mama mwenye boma yule aliwachiwa na bwana amechukua ile mali kwa sababu watoto walikuwa labda wadogo akachukua ile mali akaandika kwa jina lake. Ikifika wakati wa kugawia watoto wake hiyo mali, wakati huo yule mama ambaye alienda bila mtoto anakuja na watoto kumi na sita anasema alikuwa ameolewa kwa hiyo boma.

Com. Githu Muigai: Pendekeza, ungependa sheria itengenezwe namna gani ndio mambo ya namna hiyo irekebishwe?

Elizabeth Sialo: Nataka Serikali itusaidie, Constitution itusaide kwa sababu tukienda kama wamepelekwa kortini inasemekana ati yule mama aliyekuja na watoto kumi na sita agawiwe mali na huyu mama mwingine ametaabika na watoto na bwana wake na alikiwa amemuwacha. Ni wengine sana wametaabika kutokana na hiyo shida sana.

Com. Githu Muigai: Hiyo tumeshika, point nyingine?

Elizabeth Sialo: Sina nyingine.

Com. Githu Muigai: Asante sana. Jiandikishe hapa, hiyo ni point ya maana sana.

Victor Gatweku: Thank you very much, my name is Victor Gatweku and I represent Ololoisei Welfare Association which is an association of various ethnic groups who are residents in Ngong. I must state right from the onset that I agree with those who have called for regional Government or devolving power to the regions yaani Majimbo. Hii si kwa Jimbo la Wamaasai peke yake bali iwe kwa Majimbo yote ya jamhuri ya Kenya, we devolve power to all regions. Kwa ufupi sana ningependa kutoa recommendations, when we devolve power to those regions, there are certain pertinent laws that must be put to safeguard the national stability and peace.

1. While regions would enjoy considerable autonomy, all citizens of Kenya would be free to live, to work, to school, to own property in any region and be accorded equal rights, privileges and protection.
2. Incitement to ethnic animosities should be classified as a treasonable offence with life imprisonment as its sentence, and anybody convicted of incitement should never hold a public office.
3. Any loss of life or property as a result of tribal or ethnic animosities should be compensated by the Government. We

have that as a very big problem in this country today, we know the issues of Molo, Enosopukia and all those other regions.

4. This autonomous regions will base their law, their rule and their regulations on the national Constitution so that we safeguard national stability and peace.
5. Finally when we devolve powers to those regions, tunapopatia watu uhuru wa Majimbo, Nairobi and Mombasa being economic centres should not be classified under any Jimbo, they should be under the control of the Central Government. Thank you.

Com. Githu Muigai: Thank you very much. Ngoja kidogo tu because you were very brief there is a questions for you, you did very well.

Com. Wambua: I did not quite understand and I want to follow it because I think it is a key issue. When you talk of devolution and you are saying that certain centres should belong to the central Government or to the nation which centres exactly are these, how do we define them?

Victor Gatweku: I have said Nairobi and Mombasa only because of their historical importance and the fact that they are the major economic centers, should not be classified under any Jimbo, they should come under the control of the central Government.

Com. Wambua: Asante sana.

Com. Githu Muigai: Thank you very much. Could we please try to emulate that example. Thank you very much, start with your name Sir.

Joseph Wathigo: My name is Joseph Wathigo Maanji. I am very grateful to get this opportunity and I will be talking because I want to contribute and I am likely to be a candidate for Kajiado North Parliamentary seat. First and foremost, I want to make an observation to the Commissioners, I came here very early in the morning at 7.00 a.m. and I registered as position 5 to speak but unfortunately we are speaking as the last people but we appreciate that. I will request an observation if may be tomorrow you come to this place or any other place it is also good you come with your people who will control the entrance and the list, it should be systematic to who is coming first. The criteria should be who comes first.

Com. Githu Muigai: Point well taken thank you.

Joseph Wathigo: First, I will not repeat what has been said na ni viziru nizungumze na Kiswahili kwa sababu hakuna mtu wa interpret.

Tungependa sources of rule to be Parliament, Court, President and other legal institutions, hatutaki President ajaye awe anatutengenezea sheria. Msemo kama kutoka leo ninasema hatutaki kuusikia kwa nchi yetu tena.

Loyalty should be to the institution of leadership not to the individual.

Lile neno la Unitary Government and Majimbo ni maoni yangu mimi nikiwa mwalimu katika eneo hili na nimezaliwa hapa ya kwamba ni vizuri tujue tukisema we want Majimbo tunataka nini hasa. My proposal should have been, kwanza tuteuwe kamati ya wale watu educated kwa hili eneo letu la Kajiado North wafanye investigation wajue tuna nini, mapato yetu ni nini? Tukisema tunataka kujitawala do we have economic facilities, do we have returns in this place? Kuna matarajio ngapi tutapata?

At the moment I would advocate for the Unitary System of Government the way it is lakini mapato ya kila eneo kwanza irudishwe kwa hiyo eneo ili ionekane kama ya kwamba watajitegemea. Hatutaki kusema tuwe na Jimbo halafu baadaye tukae kama tuko jangwani, and then what will happen to the facilities that have been contracted by the taxpayers money? Zile rasilimali ziko Nairobi, Mombasa na pahali pengine ambapo tumejenga na taxpayers money tutazifanya namna gani? Kwa hivyo nafikiri kitakuwa kitu ambacho tunatakiwa kukifikiria sana.

Fundamental rights, I will not repeat, they are many they will be read lakini ningependekeza tu kidogo kusema ya kwamba our hospitals zimekuwa ni kama consultation centre unaenda pale unaandikiwa ukununue dawa pahali pengine. We want hospitali ambazo ziko-properly equipped.

Kitu ambacho tunakosa katika nchi yetu sio Majimbo ama Unitary Government or anything else, it is genuine leadership. Ukiwa genuine ukiwa Mmaasai, ukiwa Mkikuyu, ukiwa nani it does not matter, the system will be perfect hata ikiwa ni nini mradi uwe na moyo genuine wa kusaida raia.

Ningependeza Kajiado North iwe-divided to another may be constituency, ni kubwa, electorates ni wengi. Kama we can get another constituency in this area I will appreciate very much.

Ningependekeza hili jambo la land issue kwa sababu linaonekana it is very sensitive in our country iwe postponed by the Constitution. Tuseme kama kuna Trust Land iwe gazetted, this is Kenya Government land, we give it about 30 years and that time we educate our people properly such that when it comes now to allocation of Government property or land we know exactly what we are saying. We do not want to see a funny situation like what is happening in Palestine. Kwa sababu wakati umeuza shamba yako ulipewa pesa na hizo pesa has time value, tukisema tutatumia historia hatuwezi kutumia historia ya tangu nchi hii ianze. It is a very long history. Those who were there actually they sat down and they came up with something, kwa hivyo hatuwezi kuishi na maishi iliyopita kila wakati, vile iko ni tusimamishe kama kuna mali ya Serikali iwe gazetted hakuna kupeana mashamba, hakuna kupeana plot, hakuna authority to dish iwe gazetted. Kama itapeanwa iwe under Constitution

nyingine lakini hii tuseme no issuing of Government property, hakuna kuuza plots Nairobi, building and all that. When it comes to selling land let it be kept constant for the time being kwa sababu Kenyans are polarised tribewise.

Wakati huu vile tulikuwa hapa asubuhi saa hizi is different, kama mtu angekuja pengine aseme angetaka Unitary kind of Government you could have seen the reaction, it could have been very awkward. Hata Yesu kama angekuja hapa aseme Unitary kind of Government, it could have been very sensitive. Kwa hivyo we are polarised and we have to accept that and we give it sometime in this country.

Com. Githu Muigai: Next, that point is taken.

Joseph Wathigo: Harambee, 18 months after independence the founding father of this republic observed the following and I quote “we rejected those western capitalism and eastern communism and chose for ourselves a policy of positive non-alignment. We are bound to ask ourselves, where are we going and how we will get there?” The source is Kenya Sessional paper 10, of 1965. Tunatakiwa tujiulize, tangu wakati huo tumefika wapi? Tuko pale pale ama tume-make some steps.

Alitoa mwito wa harambee, the point is harambee, ali-observe kulikuwa na vitu vitatu ambao vilikuwa vinatumiza wakati huo. Wakati huo mimi nilikuwa na miaka mitatu, alisema there was poverty, there was disease.

Com. Githu Muigai: I am sorry I will have to ask you sir, you see we have to break at 5.00 p.m. We have 15 people who have not spoken, please identify a problem and then give the solution. Harambee is being abused, solution, abolish and then we move on, please for the sake of those who have not spoken.

Joseph Wathigo: Sawa kabisa. Harambee zimekuwa ni jukwa ya kutukanana, ukitaka kutukana mtu unaitisha harambee halafu unaanza kumtukana, unatakiwa iwe-streamlined. Imekuwa ni kama kitu cha kujitajirisha, ukitaka kuanzisha kitu, unakuta siku hizi kuna vitabu kwa maofisi before you do anything you have to contribute. Kwa hivyo harambee imekuwa misused na tunetaka kama inatolewa iwe properly accounted for.

Lastly, Commissioners I have documents which will be read but tunetaka Serikali yetu ijayo iwe Serikali ambayo ina-create employment, feed the population and empower the population kwa sababu tukiwa matajiri, hii mambo ya shamba hatutakuwa tuKizungumzia.

Politicians should not invest outside the country. Wakati wanaweka pesa nje wanaenda mtu ananunua nyumba outside ni kama kusema anatarajia kuishi maisha mengine upande ule kwa hivyo kama ni true politician, a-invest hapa na atuonyeshe good example.

MPs should not engage themselves in physical business, the package is good now and the results should be expected.

The Government should not govern through trial and error method. Vile mlikuwa mmesikia uchaguzi utakuwa next years, sasa leo gazetti ya leo umesikia ni leo. Tunataka firm things kama ni wakati wa uchaguzi uwe fixed, kila Mkenya ajue na aanze ku-plan according to that date.

Electoral Commission should be set by Parliament.

Lastly, dear Commissioners it is my request to you to know that this country lies in your hands at the moment, we want you to stand as counted people in this republic. One day we want to say Githu Muigai came to Ngong' and we gave him our wishes and this is why our country is featuring well. We want to compete with other countries, we do not want to remain behind.

Com. Githu Muigai: Asante sana. Thank you very much for your views kuna swali moja tu, one minute.

Com. Wambua: Commissioner Muigai and Commissioner Wambua anyway, do you want to have this Constituency split into two before the next general election?

Joseph Wathigo: That is true.

Com. Wambua: That is how you want it. We wish you every luck in the forth-coming elections. Thank you.

Joseph Wathigo: Thank you.

Com. Githu Muigai: Thank you. Mzee sasa ni wewe halafu tafadhali tukubaliane wazee wale hatujazungumza mtu akisimama hapa anasema yale mambo ambayo tumeona si mazuri ni hili na hili na hili na masuluhisho yetu ni hivi na hivi, na hivi ndio tusihadithi sana kwa sababu kutoka asubuhi tunaelewa sasa historia yote ya Kajiado North. Tumekubaliana? Tafadhali, dakika mbili mbili.

Onesmus Gathija: Commissioners asante sana kwa kuja kwenu, mimi kwa majina naitwa Onesmus Gathija Gadungo. Mimi nitaongea mafupi kwa sababu mengi yametajwa, nitaongea kuhusu elimu.

Tunashida sana, tuna watoto 'chokora', kama hapa Ngong' wamejaa wanavuta gum and I think it is the whole of Kenya. Ningombi Serikali itafutie hawa watoto mahali, wakishikwa wanapelekwa kwa shule kwa nguvu kwa sababu hawa watoto ndio wanatupiga usiku. Tuna watoto yatima, watoto wazazi wao wamefariki kwa sababu ya huu ugonjwa wa Ukimwi, pia

tungetaka hao watoto watafutiwe masomo ndio tuone kama wanaweza kufaidika.

Pili ni kuhusu hospitali, kuna hiki kitu kinaitwa cost-sharing, tungeomba Serikali hii cost-sharing iondolewe kabisa kwa sababu kuna akina mama wakongwe yaani wale wazee kabisa, grandmothers na vile wako vijana mnajua siku hizi watu wengi wametupa mama zao. Unakuta mama mkongwe peke yake, ni nyanya mzee, vijana wako kando kando, huyu mama akienda hospitali hawezি kutibiwa anaambiwa kwanza alipe pesa ya kadi halafu aandikiwe dawa, huyo mama atatoa pesa wapi? Hakuna, kwa hivyo tungeomba Serikali hii Katiba mpya tunatengeze wa-scrap hiyo cost-sharing.

Com. Githu Muigai: Hiyo tunesikia, tuende mbele.

Onesmus Gathiga: Tatu ni kuhusu Judiciary, kuna shida kwa watu maskini katika Kenya vile tuko siku hizi. Kuna shida kwa sababu ukiwa huna pesa umenishitaki na kunipeleka kortini unaleta wakili, mimi sina nguvu za kushika wakili, mimi wakili wangu ni Mungu, unasikia nimetumbukizwa Kamiti, nimekaa huko miaka kumi nakufia huko.

Com. Githu Muigai: Pendekeza, ungelipenda sheria ifanye nini?

Onesmus Gathiga: Ningependa sheria watafute kama ni mtu maskini na hana uwezo na yule mtu anahitaki ye ye ako na uwezo, hata Serikali iwe inatafuta wakili wa kusimamia huyo maskini naye awe akimtetea kama tajiri anatetewa na wakili wake.

Com. Githu Muigai: Hiyo ni mzuri tumeandika, anaitwa public defender.

Onesmus Gathiga: Very good.

Com. Githu Muigai: Tumeandika hiyo, asante sana.

Onesmus Gathiga: Nne, kiko kitu kinaitwa divorce, divorce imekuwa shida katika Kenya kulingana na hawa akina mama wanaoia FIDA, hawa akina mama wanaotetea akina mama. Wazee hawana mtetesi.

Com. Githu Muigai: Pendekeza.

Onesmus Gathiga: Bibi unaoa ye ye mnazaa watoto wawili halafu anatoroka, anaenda anaolewa pahali pengini, anatoroka anaenda pahali pengine anasema huyu ni bwana wangu wa zamani, anawacha watoto wanataabika. Kwa hivyo tungeomba Serikali mambo ya divorce waangalie kabisa wazee wasije wakaumia, hii FIDA imeumiza wazee.

Com. Githu Muigai: Wazee wananyanyaswa?

Onesmus Gathiga: Waangaliwe.

Com. Githu Muigai: Waangaliwe?

Onesmus Gathiga: Asante nimemaliza.(*Laughter*)

Com. Githu Muigai: Asante sana, wazee wasaidiwe pia. Okay, anza na jina lako. Tafadhali tafadhali tunyamaze, anzia kwa kutupatia jina.

Caleb Ambogo: My names are Caleb Ambogo Mwa.

Com. Githu Muigai: Wananchi watukufu tafadhali mnyamaze. Basi endelea.

Caleb Ambogo: My names are Caleb Ambogo Mwa.

Com. Githu Muigai: Yes Bwana Caleb.

Caleb Ambogo: There are some areas I am very sorry to mention because target ya Kenya thereby leaving wananchi aside, we are the sufferers.

Early marriages, many school leavers in Kenya today are involved in early marriages and the future of their children is bleak these children become ‘chokoras’.

Com. Githu Muigai: Caleb, we agreed here this morning that early marriage is wrong, solution?

Caleb Ambogo: I proposing that the Government should take care of the school leavers.

Com. Githu Muigai: Okay, Caleb anasema wasichana wadogo wasiozwe kabla ya kumaliza shule hiyo inaharibu maisha yao.

Caleb Ambogo: Another point is concerning the registration of Churches, we have many denominations in Kenya today, some are not (...Inaudible) to the community. I am proposing that the Government should take care of the many denominations that are coming up. Concerning the Church too we would like to know the day of worship because this is like business now, people are just coming from nowhere because they are using wananchi, wakitaka pesa. We should select the day of worship.

Com. Githu Muigai: Tumeelewa.

Caleb Ambogo: Another one is concerning health, we have qualified doctors in Kenya but their work is being interfered with by nurses. The nurses are wasting a lot of time, wanafanya kazi ili ifike jioni waende nyumba lakini wagonjwa wanateseka sana kwa sababu hakuna taratibu ya kufuata. Kuna wakati wa kuona daktari wanasesma kwa saa moja patients watatu, kama ni wakati wa kuona daktari mgonjwa ni mgonjwa, he is supposed to see the doctor ili apate dawa.

Com. Githu Muigai: Na kwa hivyo tufanye nini?

Caleb Ambogo: Napendekeza nurses should not ... (incomplete)

There is another thing concerning population, in Kenya we are talking about finance, lack of money, employment etc. We are the people who are causing such problems, each parent should have 3 children, the birth rate should be standardized.

Com. Githu Muigai: Mzuri, asante sana Bwana Caleb. Umebakisha?

Caleb Ambogo: Namaliza na mambo ya 'chokora' we have a responsibility as a result of girls who give birth early, the Government should provide a home where these children are taken care of and the Government should also look for ways of controlling this.

Com. Githu Muigai: Okay Caleb, tumeshika hiyo asante sana.

Caleb Ambogo: We have married and unmarried women in Kenya nowadays, and I want to concur with my colleague who proposed that the women population in Kenya now is very high, how can one man get four wives?

Com. Githu Muigai: What is your proposal.

Caleb Ambogo: There is polygamy and non-polygamy.

Com. Githu Muigai: Caleb, jiandikishe hapa. You have said that we should encourage polygamy because there are too many women and very few men. In the circumstances where a man can one be able to take care of his wives but the one who cannot take care should not. Okay, it is very clear.

Simon Simiyu: My names are Simon Simiyu. Mine is strictly on education, the system of education we have is confusing and leaves a lot to be desired. Reason, the 8-4-4 system of education has failed to address its intended purposes. We know very

well that the purpose of ushering in the 8-4-4 system of education was to strengthen or to go into technical education. Looking at it now the way it is, all the subjects that would make features of the intended purposes have been faced out and therefore I propose that the whole system be scrapped or abolished and be replaced by 7-4-2-3 system along side with technical schools the way it used to be.

On the line of technical schools, I again propose that every district to begin with must have a technical school. A good example is where we had Kabete Technical School, Kaiboi and so on just to mention afew.

Com. Githu Muigai: Mr. Simiyu once we give the principle tutaita waalimu halafu they work out the details. Another point?

Simon Simiyu: Secondly, I also propose that for any curriculum should not be allowed in our primary schools especially from class one to standard eight, should not be subjected to any curriculum because we to want address the issue of our nationality.

Thirdly, the quota system currently in use should be abolished, reason for me to day that, we are breeding the type of students who do not know anything about their country. Here is a child who has been educated in Ngong' possibly primary, secondary Ngong', College perhaps Ngong' and after that, if he or she is a teacher she may be posted to teach in Ngong'. What does this teacher know about Kenya? Therefore, students should be allowed to be admitted in schools nationally and in all provinces in Kenya, from Ngong' let the child go to West Pokot or Turkana.

Com. Githu Muigai: That point is well made Mr. Simiyu, tunakubalina na hiyo yaani Kenya yote wanafunzi wote watembe nchi yote ndio tuwe nchi moja na watu wajuane na mila za wenzao. Hiyo tumeshika, next point?

Simon Simiyu: My forth proposal is that, there is need for the Ministry of Education to revive Kenya School Equipment Scheme. While we are crying that our children are not able to undergo learning or education it is because of this minor facilities like books and stationery. These things should be provided the way we used to have them in the past.

Lastly, may I also touch on the question of politics now, I propose that on the issue of nomination of MPs and Councillors, let political parties not be allowed to have a role in nomination but instead the 12 seats be reserved for interested parties like the disabled, where by we can have 2 representatives from the blind, 2 representatives from others with other deformities. Then the gender issue should now come in, we can have 3 representatives from women section and so on. I think that one will be more important than allowing MPs or these political parties to nominate the 12.

Com. Githu Muigai: We have heard you on that one. Next?

Simon Simiyu: Thank you that is all I had.

Com. Githu Muigai: Thank you very much. Mzee tumekufikia wewe tafadhali tusonge hivi. Kuna mtu yoyote angependa kuzungumza na hajaitwa? Ukaribie.

Nimesikia uchungu kwa vile mmesema Majimbo na mnataka mashamba zile zilikuwa za Wazungu, na hiyo ni kama tunaigilia sana ile Tume ya Njonjo. Sasa nauliza Wamaasai wetu, tukiwa na Majimbo kile kitu tutafuata na njia gani? Kwa hivyo ...

Com. Wambua: Basi fanya proposal.

John Kulei: Pendelezo langu ni kusema uhuru, kama vile hawa watu walikuwa wanapigania uhuru wenyewe, walikuwa wanapendekeza vitu vyao wapewe.

Com. Githu Muigai: Tumekusikia mzee na tumeandika yote. Asante sana tumekusikia. Haya mwenzako, hiyo timesikia.

John Kulei: Wacha niseme moja tu.

Ningependa kama vile watu wameongea kuanzia asubuhi, mapendekezo yao tuwe kama vile tulifinywa na wale watu walitupiga wakati wa ubeberu. Wawe wanauliza vitu wakiwa-free na warudishiwe kama vile tunafuata. Tungependekeza maskini kama vile tunateta huko, maskini wale wasio na nguvu kwa sababu Serikali hii yetu imekuja mpaka ikawa kuna wale wengine kama wakoloni...

Com. Githu Muigai: Mzee, hiyo sasa tumekusikia, umetoa points mbili za maana sana. Uhuru na umoja wa watu wa Kenya, timesikia, imechukuliwa kwa tape na tumeandika. Hawa wazee wanzako lazima wazungumze kabla hatujafunga saa kumi na moja, wapatie heshima hiyo. Asante.

John Kulei: Yangu ya mwisho, moja tu.

Julius Kuraru: Niendele? Kwa majina naitwa Julius Kuraru na ningependa kushukuru Commission kwa kuweza kuja kuchukua views zetu siku ya leo. Tumekuwa tukingojea na ni furaha yetu. Sina mengi, nitapitia tu kidogo.

Ya kwanza ni juu ya title deeds ambazo zimetajwa sana, mimi ningeunga mkono iwe ni ya familia yote mzima kuanzia baba, mama na watoto vile wanavyo ishi kwa nyumba ama vile wanavyoishi ndivyo title inakuwa kwa majina hata watoto kama ni kumi wote wawe included.

Ya pili, nikija upande wa Parliament ni kwamba wananchi wapewe uwezo ama kungekuwa na sheria itakaowatia uwezo

kuweza kumtoa Mbunge yeote ambaye hatimizi hata ahadi zake ikifikia. Kama Mbunge wa miaka miwili anapokuwa amechaguliwa Bungeni na aweze kutupwa nje na mwagine kuchaguliwa. Nikiwa tu pale kwa Bunge, wananchi wangepewa uwezo zaidi wa kuweza kupiga kura ya maoni kabla Bunge haijapitisha chochote kama vile vile tumeona juzi wakipitisha mambo mengi ambayo yanatushangaza.

Langu la tatu, ni kuhusu mavazi kwa akina dada, ningependa sheria ibuniwe hasa katika enzi hii ya ukimwi itakayosimamia mavazi haya tunaita modern dressing. Kwa sababu tunaona wadada wetu hivi karibuni wataenda uchi na tusipokuwa na sheria ya kusaidia hiyo tutakuwa na shida nyingi hapo baadaye.

Com. Githu Muigai: Akina dada wavalishwe vizuri na sheria, tusonge mbele.

Julius Kararu: Langu la nne, ni kuhusu sheria ya makanisa, sheria hapa inatuambia kwamba kuna uhuru wa kuabudu lakini uhuru huu wa kuambudu inaonekana tumeuharibu na sheria ingepatikana ya kuweza kusaidia makanisa ili tusiwe na wakora amba wanawenza kujiita wao ni wahubiri na huku wanakuja hata kunyanyasa wananchi amba hawajuhi hata ukristo ni kitu gani. Pia nikiwa pale katika upande wa Kanisa, kungebuniwa hiyo sheria ambayo ina-state ama inaonyesha wazi kwamba sisi tukiwa WanaKenya tuko-supposed kuabudu Mungu ama ni shetani. Kwa sababu sheria haionyeshi vizuri hasa tuko-supposed kuomba nani.

Langu la mwisho ni kuhusu wanajeshi wetu, tumeona ufisadi mwangi ukifanywa katika nchi hasa kwa upande wa ujenzi na wanajeshi wetu wengi wana hiyo manpower na wana idara ya kufanya kazi kama hiyo. Ningeliza kama sheria ingebuniwa itayowawezesha wanajeshi wetu wahuishwe katika miradi ya ujenzi katika nchi hii yetu na kutuletea mfano mzuri wa kuweza kumaliza ufisadi katika upande huo wa ujenzi. Nashukuru, ni hayo tu.

Com. Githu Muigai: Ngoja kidogo kuna swali moja.

Com. Wambua: Excuse me, you said that there should be a referendum before the Parliament passes anything. What would be the role of Parliament? Why then elect them or are proposing that certain fundamental issues must be subjected to a referendum before Parliament passes them, because there is no point electing MPs if you are saying before you pass anything you have to bring to us?

Julius Kararu: Ningependa kusema ya kwamba, hiyo Constitution iwe amended kwamba kuna issues ambazo zinahusu hasa wananchi kama vile wakipitisha mambo mengine ambayo yanahusu wananchi kwa undani zaidi, warudi huku kwetu kama vile walivyopitisha mishahara, walivyopitisha wapate bunduki. Wanafaa warudi hapa kwetu tuwaambie ndio ama la.

Com. Githu Muigai: Asante sana. Mama, uanze kwa jina tafadhali ndio tuipate kwa tape.

Esther Gathoni: Jina langu naitwa Esther Gathoni na mimi ni mkaaji wa hapa Scheme 305 lakini yangu nataka tu kuongea kutoa pendekezo straight away. Nilikuwa napendekeza ile Serikali tutapata ifikirie sana maneno ya street boys na street girls. Zamani wakati wa wabeberu tulikuwa na approved schools na ilisaidia sana, hawa watu tutashidwa kuwa-control. In another ten years hata hakuna mtu atakuwa akitoka kwa nyumba.

Ya pili, nataka kuongea maneno ya strikes especially ya hospital na buses, zile vitu raia wanatumia ndio wapate daily bread. Kama hospitali kuko na taabu, kama Serikali hii inaweza wakati ule madaktari na nurses wana-qualify wawe waki-sign maneno ya strike because wakati ule wana-strike tunapoteza nyoyo mingi sana hospitali, na sioni kwa nini wale watu wanakuwa kwa kazi wakati huo hawawezi kuwa-charged na murder like any other persoon yule anaenda anaua mtu kama amegonga na gari ama kwa kitu kama hicho?

Ya tatu, ni ya ku-protect personal dignity kama sasa vile unafanya kazi yako hapo unaweza kuleta taabu kidogo in the process of your work. Kitu kama hicho hata kama ni magazeti iwe na protection because wale mnafanya kazi hii ya Serikali mko na familia na mabibi na wazazi. Sometimes it becomes very embarrassing, tuone kwa hii Constitution mpya ile heshima tutapatia wale watu wanatufanya kazi hata kama kitu kimetokea. Asante sana.

Com. Githu Muigai: Thank you very much mama hiyo point yako nitakuambia tumeenda mpaka Garbatula hatujaisikia, ni ya maana sana.

Joseph Gitau: Thank you very much the Commissioners who are here, by name I am Joseph Gitau from Kajiado North, this is where I stay in Ngong. My first point is about the youth. I am proposing for the new Constitution, the present youth to be involved so that they can have a national cake from the Government. Right now as the youth right now we are the ones who are so poor, for example, like me I am a family man with a wife but my father cannot allow me to have a share of his own property. The Government is still following the same system and cannot allow me to have the national cake. Where are we heading to, because that is why when the politicians come to us and give us some small token of money, they say shikeni kitu kidogo lakini utapata wapi hiyo kitu kubwa?

Com. Githu Muigai: Make your proposal. Are you suggesting that before your father dies he should give you your own property?

Joseph Gitau: I am proposing that we have a policy in the Government that I am entitled to the national cake inform of loans naweza kupatiwa loans za ku-maintain familia yangu na nitailipa kidogo kidogo.

The other thing is about the forests, mnaona saa hii hakuna misitu, it is my proposal that the Chiefs as the Government agents

who are near the people they should be given more powers so that they can protect the environment, because the rate at which our forests are being destroyed and reduced to the size of the republic of Togo.

The other thing is concerning the Police, can you imagine somebody who is working day and night analipwa Kshs. 5,000/= na security man of EAS company is getting Kshs. 15,000/=. We should have better housing for the policemen so that they can work, wanatufanya kazi mzuri. Hawatahitaji kitu kidogo wakiangaliwa vizuri, but a hungry man is an angry man so as far as I am concerned, I am supporting the Policeman and other Government employees to be given better housing facilities and fringe benefits so that they can offer better services.

Another thing, we should have accessibility to good water, fresh water, the Government should dig boreholes. Right now in Ngong we do not have any borehole. Mimi nilipozaliwa nilikuta hakuna maji na pengine nitakufa niache hakuna maji.

Com. Githu Muigai: Maji kabla hujakuja, tusonge kwa point nyingine. Asante sana.

Daniel ole Wantia: Basi kwa majina mimi naitwa Daniel ole Wantai na nimetoka Kikonyeki South. Basi mengi yamesemwa na kwa sababu hatuna nafasi na naona ndugu zangu hapa wanapenda akutoa maoni sipendi kurudi nyuma napenda kuenda mbele, naongea moja, mbili halafu nawaachia nafasi.

Upande wa kortini, kama vile mwenzangu mmoja alivyosema hapa na alisema kitu cha muhimu sana. Ukiangalia upande wa korti kuna watu wengi maskini ambao wanachukua kesi zao katika korti hasa kesi ya shamba. Pengine wanagombania shamba sehemu kidogo ya shamba na wanagombania na mtu fulani na kuna mtu ambaye hana uwezo yule wanabishana naye katika kesi ya shamba hilo. Huyu maskini akienda kortini hana haki hata kidogo lazima ataangushwa hata kama shamba hili ni lake. Kwa hivyo mimi nataka kuomba commission hii yetu mkienda kuunda sheria, muunde sheria ambayo italinda kila mtu ambaye ako na ukweli. Kama sasa ukiona mashamba zinakatwa na ile kamati ambayo yanakatia watu mashamba iwe ndio watapewa jukumu ama watapewa uwezo wa kuweza kuamua kesi kama hizo za mashamba kortini ili ukweli ipatikane.

Pamoja na hayo, mimi nataka kurudi nyuma tu kuguzia kitu kimoja ambacho ilisemekana hapa asubuhi kwamba machifu wachaguliwe na raia. Ukiangalia ile Serikali ambayo iko karibu na raia ni machifu. Machifu wanapochaguliwa wanachaguliwa kwa kipendeleo, watu wanaenda kukaa kwa ofisi, wanasema tupatiwe fulani kwa sababu ni tajiri, utupatie fulani kwa sababu ni mtoto wa tajiri. Sasa hapo hawajachagua uhuru, wananchi wapewe wachague machifu ili tupate machifu ambao watafikisha masilahi ya raia. Sina mengi ni hayo tu.

Com. Githu Muigai: Asante sana, tusonge mbele mzee.

Joel Yamoi: Asante sana ma-commissioners ambao wameweza kufika hapa kwa kupata nafasi hii ya kuzungumza kidogo.

Kwa hakika mengine nitakayotaja hapa yatakuwa labda yamezungumzwa lakini kwa vile nimekaa hapa sana naona tu nitayazungumzia.

Kwanza kabisa itakuwa ni...

Com. Githu Muigai: Anza kwa jina tafadhalii.

Joel Yamoi: Majina yangu ni Joel Yamou Paing'oni. Mimi ni mkazi wa hapa, area hii ya Ngong, Location ya Ololwa, mahali inatwa Kerarapol, mwanzo wa Kajiado District mahali ambapo tumezungukwa na forest. Kuhusiana na mambo ya misitu katika Kenya kumekuwa na uharibifu mkubwa sana wa misitu katika Kenya. Jambo hili linaweza kutatuliwa tu kama kungeweza kuwa na more community participation katika misitu ile iko karibu na wao. Kwa njia gani? Hawa watu wapatiwe nafasi walime chini ya hii misitu, sheria itengenezwe na Serikali pia nayo ipeane miche ya kupanda katika forest. Wewe ukikutwa sehemu ile ulipewa imekauka miti hautapewa nafasi ya kulima tena. Miti ikisha-mature then Serikali inaweza kujua vile itakavyoweza kuuza hii miti maanake kutazuia uharibifu wa misitu zaidi.

Tukija kama ni kuinua jamii ya Kimaasai kiuchumi, hakuna jambo lingine ambalo linaweza kufanya bali kuwajengea slaughter houses nyingi kushinda vile kuko sasa. We have a case study of a very small country called Botswana na it is mountainous. Leo hivi Botswana is one of the richest countries in the world kwa udogo wake na mapato yake inatoka wapi? Mapato yakeyanatoka kwa ngombe tu kama hivi za Wamaasai hapa, ni kwa sababu kuna njia mzuri ya kufanya marketing ya nyama kwao. Sasa ukiangalia Maasai akipiga ngombe kutoka Mosro mpaka Dagoreti, huyo ngombe amepoteza ratili, amekwisha njiani.

Com. Githu Muigai: Pendekeza mzee?

Joel Yamoi: Nambari ya tatu ni juu ya Land Control Board, hizi Board zimekuwa ni daraja ya kufanya jamii ya Kimaasai kuwa maskini kabisa. UKizunguka hapa Ngong peke yake uone watu waliokuwa na mashamba makubwa makubwa, watoto wao sasa wamekuwa mere penpers beggars and some of them have become very useless.

Com. Githu Muigai: Mzee sitaki kukukata kabla ya kumaliza lakini asuhuhi tulizikizana kabisa mambo ya Land Board, watu wote tukasikizana kwa hivo usiongeze chumvi zaidi ya hapo.

Joel Yamoi: Sasa ile nyingine imezungumziwa lakini nitaongeza point moja. Wamaasai maisha yao yote wamekuwa, hawa watu walizungumzwa kutoka Mt Elgon mpaka kule kwote walipita sizungumzii sana hiyo ni historia. Serikali baada ya hii Katiba kuisha, isaidie Wamaasai kupata a legal representation, lawyers ambao watastaki British Government iweze kulipa Wamaasai vile ilivyowasumbua mpaka sasa kuwasukuma pande hizi kuwatoa zile areas zilikuwa safi. Maanake hii haitasikizwa

mpaka jamii ya Wamaasai ishitaki the British Government.

Jambo la tatu ni juu ya orphans ambao wanawachwa siku hizi kwa wingi sana na huu ugonjwa wa ukimwi na nja zingine. In fact hawa watoto wamekuwa hawana mtu anashugulika na wao na unakuta ya kwamba hata kama wazazi wote wawili wamekuwa huyo mtoto anakuwa dis-inherited na wale members wengine wa familia. Sio kusema ati sababu wamekuwa huyo mtoto hafai kurithi ilei mali ya baba yake. Kutafutwe sheria ya kulinda watoto kama hawa.

Boarding schools zijengwe zaidi katika nchi ya pastoralist community. Hebu fikiria hivi leo, unasiakia mtoto ametoka mahali kama Mosiro, amechukuliwa secondary school, good,lakini amechukuliwa wapi? Keviko Day School ama Ololwa, atakuwa anatoka Mosiro kuja day school hapa? Kwa hivyo hata wakati kunafanywa selection ya secondary schools, jamii hizi za pastoralists, watoto wao wawe wakiangaliwa wachukuliwe boarding schools sana na Serikali ijenge more boarding schools kwa communities hizi ambazo zina-pastoralists. Hii ndio njia moja ya kuweza kupigana na kutojua kusoma katika Maasai community. Ni masikitiko makubwa sana kukutana nao wakati wanahama wakienda upande wa Ruiru, unaona watoto wadogo nao tuko nyuma. Badala yake hao watoto wangeachwa kwa boarding school wakisoma wazazi wahame waende kutafutia ngombe zao malisho. Serikali ichunguze sana hili jambo la kujengea Wamaasai boarding schools na hasa ziwe separate, girls boarding schools ili wasichana wa Kimaasai waweze kuelezwu zaidi juu ya yale mambo ambayo yanazuiya kusoma.

Tukikuja katika ukulima, jamii ya Kimaasai inafaa ifundishwe agriculture zaidi na kuwe na more demostration farms in Maasai land za kuwafunza njia tofauti za kutumia shamba, sio tu ngombe lakini kuwe na njia za kulima. Hii ni nchi inaweza kutoa vitu viiingi sana, cotton, njugu karanga na zingine. Waweze kuelezwu kulima hivo vitu na kupewa loans ndogo ndogo za kununua mbegu na vinginez.

Lazima pia wafundishwe juu ya civic education maana wametumia kwa muda mrefu sana kwa kutolewa.

Katika hii national issue ya freedom of worship, this freedom of worship in Kenya where it is enshrined in the present Constitution iwe controlled. In fact imekuwa tena ni njia moja ambapo wahalifu wameweza kutumia hili kufanya mambo machafu sana. Wale mliangalia gazetti leo mliona visa vyta masikitiko ambavyo vinafanywa na watu wanajiita mapastor.

Sasa ya mwisho ni juu ya hawa watu wanaitwa rapists na kuna watu wametaja canning iondolewe Kenya. Mimi ningeongeza zaidi, viboko viongezwe sana kwa watu kama hawa. Imagine if it were your daughter who has been rapped by a mad man like that one, hata wewe ungengoja apigwe viboko si ni kisu tu ungetoa umkate kate?

Tuje kwa mambo ya ma-plot ambazo zinapeanwa kiholela holela sababu ya tamaa ya pesa. Hebu angalia kama hapa Ngong, hakuna mahali imetengwa ma-industries, watu wanajibandika hizi maplot wananunua.

Com. Githu Muigai: Pendekeza, kwa hivyo unapendekeza nini?

Joel Yamoi: Ningependekeza any public land kabla haijapewa to individuals kukatwe area ya industries na kutafutwe investors wale wanataka, na wapewe bure waonyeshe njia ya kile kitu anataka kujenga. Hii ni njia moja ya kumaliza ukosefu wa kazi.

Com. Githu Muigai: Hiyo tumelewa.

Joel Yamoi: Ningesema mengi lakini Commissioners ninashukuru sana kwa kunipa hiyo nafasi ya kusema hayo machache.

Com. Githu Muigai: Asante. Wazee tusonge mbele, dakika tatu tatu.

John Watari: Kwa majina mimi naitwa John Watari, nitaenda mbio mbio kwa sababu naona muda hauturuhusu. Ningependa kuelezea kwa kirefu lakini naona haitawezekana tuko wengi sana. Kwanza kabisa nawashukuru Commissioners kwa kazi yenu njema kwa kukubali kutusikiliza mpaka pengine naona karibu saa inapita.

Naongea kwanza juu ya hukumu ya kifo, pendekezo langu ni iondolewe na badala yake iwe hukumu ya kifungo cha maisha kwa wale wanafanya kunajisi akina mama na wasichana na pia wanyanganyi kwa kutumia nguvu. Kwa sababu hii hukumu ya kifo kama nchi yetu ni nchi ambayo inadhamini Mwenyezi Mungu basi ni kinyume na mambo ya kutoa uhai wa mwagine. Kwa hivyo ningependekeza iwe hukumu ya maisha kwa wale wanatenda mambo kama hayo, kunyanganya kwa nguvu na kunajisi.

Com. Githu Muigai: Tumeshika tusonge mbele tafadhali.

John Watari: Kufungwa gerezani kwa kiongozi yejote anayeharibu au anatumia fedha za kundi lolote analoongoza yaani mali ya uma, baada ya kupatikana kama ametumia pesa ya uma au za chama chochote na hapo kufutwa kazi na kuachiliwa, awe akifikishwa mahakamani na kufungwa.

Tatu, Mkenya yejote aruhusiwe kuishi mahali popote na kumiliki mali mradi tu iwe amefuata njia ambayo ni halali si kwa njia ya unyanganyi.

Nne, mishahara ya Polisi isiwe chini ya shilingi elfu kumi kuanzia Serikali ijayo. Wawe wakiongezewa mishahara lakini basic salary iwe shilingi elfu kumi maana tumeshuhudia pengine, tunashuku kwamba wameingilia uhalifu kwa sababu ya malipo duni na wanashirikiana na wakora kutuhangaisha. Pia wawe wakihamishwa baada ya miaka miwili au chini ili wasiwe na nafasi mzuri ya kuzoena pengine na watu wa area ile, maana hii pia inachangia uhalifu. Kabla hajajuanan na watu wa area hiyo anapata uhamisho.

Ya tano, Serikali kuhakikisha ina wanajeshi na polisi waliofundishwa kuwa na nidhamu ya hali ya juu hasa wakati wa kuzima ghasia maana tumeshuhudia mara nyingi wanapoenda kuzima ghasia kazi yao wanajiingiza kazi ambazo ni chafu sana kama unajisi na uporaji wa mali wa wale ambao wangekuwa wanahitaji kuwalinda. Serikali iangalie itafanya namna gani kuhakikisha ina watu wa-forces ambao wana nidhamu ya hali ya juu.

Uchaguzi, ufanyike baada ya miaka mitano na Rais asipitishe vipindi viwili na awe chini ya sheria.

Pia ningependekeza mwananchi aruhusiwe kuandikisha ripoti au ku-report katika kituo chochote cha polisi anachotaka kuandikisha ripoti yake au ku-report jambo fulani na si lazima kwa kile kituo kiko karibu na yeze.

Pia ningependekeza Serikali yenyе umoja wa kitaifa. Asanteni.

Com. Githu Muigai: Asante sana mzee, tusonge mbele, wazee, tusonge mbele.

David ole Simanga: Kwa majina mimi naitwa David ole Simanga natoka sehemu ya Gwaso na yangu ni machache sana kwa maana tumesema mengi sana.

Ya kwanza ni, uhuru wa kuabudu na hiyo imetajwa sana na watu na tena naitilia mkazo ili tupate uhuru wa kuabudi katika Kenya.

Ya pili ni kuangalia maskini, hapa Kenya tunalia sana kwa sababu tunasema tumefilisika kiuchumi naomba Serikali kama inawezekana waangalie maskini wao. Kama inawezekana wawe wanalipa wale maskini kabisa angalau 5%.

Ya tatu ni kutoa mimba, hiyo nataka tutoe katika Kenya kabisa isiwe inakubalika kutoa mimba.

Com. Githu Muigai: Watoto wote wazaliwe.

David ole Simanga: Nimemaliza.

Com. Githu Muigai: Tunashukuru, wewe ni mzee unapenda watoto. Songa hapo Bwana. Jina lako?

Moses Mbesa: Kwa majina naitwa Moses Mbesa na natoka Ololwa Location na mimi ni candidate wa civic wa 2002. Ningelitaka kutaja jambo moja ama kupendekeza kuhusu maneno ya Majimbo. Mimi ninasikitika or I am rather disappointed kuona wananchi wakiongea maneno ya Majimbo. Ukiangalia yale mambo yanaendelea katika ulimwengu, ulimwengu unataka

unatengenezwa uiwe one global village na kama mnaona tume-revive East African Community, tuko na COMESA, iko European Union.

Com. Githu Muigai: Ikiwa wewe hutaki jimbo, pendekeza?

Moses Mbesa: Mimi napendekeza hivi, maneno ya Majimbo isahaulike maana wale watakaoadhiriwa ni maskini. Mimi ukiniambia saa hii kwetu ni Mombasa nitaweza kuenda, ukimwambia maskini ataenda namna gani? Kwa hivyo tujaribu tusahau haya maneno tunasema ni ya Majimbo maana itawaadhiri maskini. Mkitengeneza hizo majimbo... (*incomplete*).

Pili, ningetakaka kuongea kuhusu maneno ya worship, sisi tumekuwa na freedom of worship na sasa tunaona inaanza kuwa abused. On a weekday like this wakati tuko kwa biashara kama hii ya leo ya Constitutional Review, unakuta mwingine ameweka speaker pale mwingine pale, unapigiwa na mtu simu hapa kwa soko hamwezi kuongea wana-worship, pale iko Kanisa nyingine. Tradition yetu katika Ngong tunajua tukiwa Bulbul tunajua Musikiti utalia saa ngapi na tumeji-tune tunajua hiyo itaongea. Siku hizi watu wana-interfere na hao Waislamu wakiomba, wanaweka loud speake. Hayai mambo yatafika point yatakuwa ni-explosive sana. Kwa hivyo kwanza hii ku-preach na ma-loudspeaker kwanza iangaliwe na wawe wana-preach katika specific places.

Ya tatu, kuhusu technical schools kweli ni lazima zirudishwe kwa maana zilikuwa zinasaidia sana mimi nikiwa mmoja wao, lakini zingetakiwa ziwe streamlined maana watu wengi wale walikuwa technical schools walienda in brain drain. Hakukuwa na bachelor of technology na vitu kama hivo, tulienda tu tukarudi kuwa tunaanza kusoma courses zingine tena.

Maneno vile vile ya elimu, wale watu wetu wote wanaenda kusomea ngambo lazima tujue vile watakavyo wakitusaidia sisi tukiwa kama wananchi, maana wakati wanaenda kusoma wanaenda kusoma na resources zetu. Wengine ni sisi tunawanfanya mpaka ma-harambee wanaenda huko na wanapata kazi kubwa, kubwa na tungeliweza wawe mpaka tax yao inakatwa inaletwa humu nhini.

Jambo la mwisho ni kuhusu hii death penalty: Ni kweli mtu ikiwa anastahili kuuliwa maana amefanya makosa mabaya sana kama kuuwa ni sawa sawa lakini swali kubwa ni hili, wale wameuwa na hawajashikwa watafanywaje? Kwa hivyo ni vizuri tuondoe haya maneno ya death penalty maana hata wale wanauwa sio pengine ndio the main suspects, hata wale tuko na wao huku wengine ni wauwaji lakini wale hawajashikwa. Ni hayo tu, vile vile ningeshukuru Commissioners kwa kutusikiza na wakati ule mwingine mlili kuka na vurugu mkaenda lakini tulikuwa na maoni na leo imekuwa siku mzuri sana.

Com. Githu Muigai: Tumerudi tena, asanteni.

Kennedy: Thank you Commissioners, my names are Kennedy Mudhanja and I have a few proposals which I would like to

make this evening.

1. Primary education; it is my proposal that primary education should be made free and compulsory to any school going child, and on that point I would request also and propose any child born of the a Kenyan parent whether locally or abroad should automatically gain Kenyan citizenship.
2. Healthcare: I am proposing that the Government should take care of our elderly, unapata wazee wameeka, hawana nguvu na hawana uwezo, pesa za hospitali hawana, pesa ya chakula hawana. I propose that the Government should set up some homes for the elderly and cater for their needs.
3. Political parties; majority of the political parties we have today are just mere tribal groupings, and it is my proposal that the Government should regulate them. Let us have 3 or four political parties which have a national outlook and can address issues, many of them are colourless and in pathetic situations.
4. Tribunals and Commissions of inquiry; funding these tribunals and these Commissions of inquiries takes up so much of public funds and they end up being thrown in the dust bin, we do not get to know the report or what came out of them. It is my proposal that these public hearings should be made public, I mean the Commissions and the tribunals should be made public like what happened to the Akiwumi Commission and some other hot issues. They should be made public so that the people can know what is going on.
5. Nominated Members of Parliament and Councillors, Parastatal Chiefs; it is my desire that these people should be vetted first by the Government before they are nominated. Before someone is taken as a CEO of any company, any Government entity, he should declare his wealth first and should go through scrutiny by the Parliament.
6. NSSF; at this point in time there is so much retrenchment going on and sackings. It is my desire and I strongly propose that the Government should come up with a set up such that once someone is sacked he should be given his dues immediately so that he can start something to develop himself rather than after sacking you may wait for 51 years or so. It is my desire that immediately one is sacked he should be given his dues. Thank you your Lordships for your time.

Com. Githu Muigai: Thank you very much na sasa mzee wa kutufungia kikao.

Speaker: Asante sana Commissioners, mambo mengi ambayo ningezungumza ama ningetoa points yametajwa, lakini kuna machache kama matatu ambayo nafikiri kama yamezungumzwa ama yametolewa proposals ningetaka kuongeza zaidi.

Moja ni irrigation, nchi yetu ya Kenya ni ya ukulima.

Pili ni traffic, hakuna aliye na gari anaweza kutoka hapa kuenda Mombasa na asipate askari barabarani. Njia zote kutoka Nairobi kuenda nje, Kisumu na kuenda pahali popote utakuta askari labda hamsini, na wote wanataka kitu. Wa kwanza alipokushika hakuna kitambulisho cha kuonyesha mwingine kwamba umeshakutana na askari mwingine.

Ya tatu ni cooperative movements, hizi ndizo nguvu za wananchi, wakichuna chochote kama kahawa ama nini itakuenda kumalizwa na watu watatu peke yake.

Kwa hivyo proposals zangu ni tatu na nikianzia ya kwanza, traffic ingekuwa kutoka hapa iwe ni safari moja kama kutoka hapa naenda Mombasa, nikikutana na askari wa kwanza, wakiniandika anipatie charge nikielekea huko mbele wale wengine wote nitawaonyesha kwamba nimekutana na askari na nimekuwa charged kwa hivyo hakuna kitu cha kuzungumza zaidi hapo maana gari ni ile ile tu, sikubadilisha gari. Kwa hivyo kusimamishwa na mwengine anataka nimhonge.

Com. Githu Muigai: Hiyo tumeelewa mzee.

Speaker: Kwa hivyo nikitoka hapa kuenda huko nikiwa-charged mwengine asinisimamishe.

Com. Githu Muigai: Hiyo tumeelewa.

Speaker: Ya pili ni cooperative, wale wanachukua jukumu la kumaliza watu na njia moja. Ukitoka hapo kuenda hapo unaambiwa pesa zako zinachukuliwa na hakuna mahali pa kuwa accounted for kwa hivyo askari anachukua pesa na hakuna remarks. Tena inatakiwa turudishiwe na cooperative zile pesa ambazo tumetumia kwa hali ya uchumi kwa maana kutoka Kisumu kuja hapa ni pahali pazuri na maji ya Lake Victoria kuja hapa, hapa katika kuna mahali ambapo Wamaasai wangepata maji na wafanye irrigation bila charge. Badala yakutoa pipe kutoka Mombasa kupeleka Kisumu na hiyo maji haina gharama kubwa kama kukata mtaro kutoka Mombasa kuenda Kisumu. Kwa hivyo ninge-propose maji itoke Lake Victoria iingine laini hii tupate maji ya kutosha kufanya irrigation.

Com. Githu Muigai: Okay, hiyo tunashika vizuri wewe umesema Serikali iletu maji kama itatoa Loitoktok au Lake Victoria au popote lakini maji yafike hapa.

Speaker: Lakini kwanza maji ya hapo inakwenda nchi nyingine kama Lake Victoria, kwa hivyo tunataka maji kutoka Lake Victoria ije upande huu kila mtu apate maji ya kutosha. Asante sana.

Com. Githu Muigai: Asante sana. Sasa tumefika mwisho wa kikao chetu cha leo.

(Interjection)

Samuel Kinyanjui:(Inaudible)

Com. Githu Muigai: Okay, hakuna mtu ataenda nyumbani bila kusema. Chukua dakika mbili.

Samuel Kinyanjui: Langu ni moja tu na ni pendekezo na langu linahusu our currency (money) nilikuwa hapa kwa muda na sikusikia mtu aKizungumza juu ya hiyo. Nchi yetu ni republic.

Com. Githu Muigai: Sio monarchy.

Samuel Kinyanjui: Ni Rais wa kile chama kimeshinda na sio monarchy, mimi ningependekeza.

Samuel Kinyanjui: Kwa jina naitwa Samuel Kinyanjui na nakaa hapa Olololwa.

Pendekezo langu ningeuliza kama ingewezekana badala ya pesa zetu kuwa na portrait ya Rais wa nchi ambaye pengine tuko naye kwa wakati huu, baada ya miaka mitano tuwe na mwingine na zile pesa zote zitakuwa printed wakati huo zitakuwa na different portraits or different Presidents. Mimi ningependekeza kama ingewezekana, pesa zetu tutatufute logo moja ya nchi ambayo ndio itakuwa ikitumika na pesa zetu kwa sababu sio monarch yetu ni republic na tuondoe portrait ya the head of State.
